This pail does not need a child warning label. If an oxidizer logo is required, it will be labeled on - not printed on.
**DANGER:** Corrosive. Causes irreversible eye damage and skin burns. Harmful if inhaled, swallowed, or absorbed through skin. May be fatal if swallowed. Do not mix this product with a small amount of water. It can react to form toxic gases. Do not allow product to contact any foreign matter, including other water chemicals, pool finishes or finishes, or other water treatment products. If used with a skimmer, make sure skimmer is completely clean and free of residue from the product before reuse.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**PRECAUTIONARY STATEMENTS**

**FIRST AID:**

**IF INHALED:**

Move person to fresh air. If not breathing, give artificial respiration. Call a poison control center or do not induce vomiting unless told to do so by a poison control center or a doctor. Have the person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

**IF SWALLOWED:**

Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice. If partly filled: Call your local solid waste agency for disposal information. If empty: Place in trash or offer for recycling if available. Nonrefillable container. Do not reuse or refill this container.

**IF SKIN CONTACT:**

Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. Remove contaminated clothing and wash clothing before reuse. Wash skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

**IF EYES CONTACTED:**

Hold eyelids open and rinse slowly with plenty of water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then rinse slowly again for an additional 5 minutes. Call a poison control center or doctor for treatment advice.

**IF INGESTED:**

Have the person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for treatment advice.

**WARNING:**

Keep out of reach of children. Do not expose to flames or open flame or open fire. Use only clean dry utensils to dispense this product.

**DIRECTIONS FOR USE:**

1. Adjust the pool water’s pH value to between 7.2 and 7.8 and the total alkalinity to between 80 and 150 ppm. Do not add this product directly to your pool. Only add this product directly to your pool after shocking the pool. This product is a stabilized concentrated chlorine that can be used as directed.

2. Add this product to the pool when needed. Do not exceed the amount of 1.0 to 1.5 ppm of available chlorine in the pool.

3. Shock treat the pool water by using 9 ounces of this product for each 10,000 gallons of pool water. Before using the pool, be certain the chlorine level returns to the recommended level. This product is a stabilized concentrated chlorine that can be used as directed.

**ENVIRONMENTAL HAZARDS:**

**STORAGE & DISPOSAL:**

Pesticide or Environmental Control Agency, or the State Pesticide representative in your state, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**Pesticide Disposal and Container Handling:**

If partly filled:  Call your local solid waste agency for disposal information. If empty:  Place in trash or offer for recycling if available. Nonrefillable container. Do not reuse or refill this container.

**Pesticide Storage:**

Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes may be hazardous. Improper disposal can result in secondary pesticide contamination. Follow label instructions for proper disposal.

**HEALTH HAZARDS:**

This product contains a chemical that may cause skin or eye irritation. Avoid contact with skin or eyes. Wash hands after handling this product.
