**ADVANCE® 375A**
Select Granular Ant Bait

**FIRST AID**

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 min. Call a poison control center or doctor for treatment advice.

**IF IN EYES:** Hold eyes open and rinse slowly and gently with water for 15 - 20 min. Remove contact lenses, if present, after the first 5 min.; then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

Have product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-454-HELP for emergency medical treatment information.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed or absorbed through the skin. Avoid breathing dust. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Do not contaminate kitchen utensils with this product. Pets may be attracted to this product.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and wildlife. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment or waste materials.

**DIRECTIONS FOR USE**

**IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**

This product is a ready-to-use product for use in controlling numerous ants in both indoor and outdoor areas. This bait formulation contains a mixture of food and the heavily action insecticide Acrobat. Acrobat acts to reduce the population of worker ants and can cause an immediate halt in egg production resulting in colony elimination. Avoid use of other insecticides or sprays or on or near this product.

**OUTDOORS**

**BROADCAST APPLICATION:** Use this product at a rate of 1 lb per acre. This is equivalent to approximately 1.8 lb/10,000 ft² or 0.4 lb/5,000 ft². (One tablespoon equals approximately 0.06 lb or 0.2 oz.) Apply the product as uniformly as possible. Repeat application as necessary.

**AROUND STRUCTURES:** Lightly sprinkle the product evenly in a band approximately 1' - 2' wide along the foundation of the building. Treat visible trash with approximately 0.5 - 1 oz of product depending on the number of ants in the yard. Repeat application as necessary.

**INDIVIDUAL COLONY TREATMENT:** Use 7.5 - 21 oz of product/colony. Apply the product at the edge of the mound. Repeat application as necessary.

**INDOORS**

**LOCATE ANT ACTIVITY:** Follow ants back to colonies and crevices or voids where ants are active. In hollow tree trunks, set up to 1.5 oz of product. Use a large Centrotis® puller or other appropriate application device to place the product into crevices or voids. Repeat application as necessary. Do not use in the food areas of food-handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in feeding areas where food is exposed or facility is in operation. Serving areas are defined as those areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. Non-food areas are defined as areas such as garbage rooms, laundries, floor areas (non-recess), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after curing or bedding). When applying this product in the home, all food processing surfaces and utensils should be covered or removed.

*Centrotis® - Reg. TM of the Centro Co.*

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

**PESTICIDE DISPOSAL:** Waste resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Do not refill container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local waste facility for disposal instructions.

ADVANCE® STRA
Select Granular Ant Bait

FIRST AID
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sit or lie down. Do not induce vomiting. If person is able to swallow, do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Wash off contaminated clothing. Wash skin thoroughly with soap and water for 2 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice.

Have product container or label with you when calling a poison control center or doctor, or going for treatment.
You may also contact 1-800-234-1111 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed or absorbed through the skin. Avoid breathing dust. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Do not contaminate kitchen utensils with this product. Pets may be attracted to this product.

ENVIRONMENTAL HAZARDS
This product is toxic to fish and wildlife. Do not apply directly to water or areas where surface water is present, or to treated areas before the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.
This product is a ready-to-use product for use in controlling numerous ants in both indoor and outdoor situations. This baits mixture produces a mixture of baits and other food for insects. Ants eat this mixture, reducing the population of unwanted ants and making the environment, indoors and outdoors, more desirable. Avoid use of other insecticides or sprays or use near this product.

OUTDOORS
BROADCAST APPLICATION: Use this product at a rate of 1 oz per 1,000 sq. ft. 1 oz is equivalent to approximately 1.8 oz of product, or a solid load of approximately 0.5 oz of bait. Apply the product as uniformly as possible. Repeat applications as necessary.

ARMED STRUCTURES: Lightly spread the product evenly over a band approximately 6 to 12 wide around the foundation of the building. Treat viable areas for approximately 0.5 to 1 oz of product depending on the number of ants in the area. Repeat applications as necessary.

INDIVIDUAL COLONY TREATMENT: Use 1 oz to 2 oz of product per mound. Apply the product all around the mound. Repeat applications as necessary.

PREGNANCY
LOCATE ANT ACTIVITY: Follow ants back to their source. Apply product to where ants are active. For indoor treatment, use up to 1.0 oz of product. Use a large container to fill other appropriate application device to place the product inside the structure.

REPEAT APPLICATION AS NECESSARY: Do not use in the following areas: indoors (food handling establishments, restaurants, or other areas where food is prepared or stored). Outdoor areas where food is exposed or facilities in or near fuel tanks, feed, or other storage areas. Also, do not use in areas where food may be contaminated. Use of this product is not recommended for use in non-food areas where food may be contaminated. Do not apply to areas where food may be contaminated. Use of this product is not recommended for use in non-food areas where food may be contaminated. Do not apply to areas where food may be contaminated.

STORAGE AND DISPOSAL
Do not contaminate water, food, livestock, or food

STORAGE: Store in a cool, dry area. Always store products in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL: Waste resulting from use of this product may be disposed of on site or at an approved waste disposal site.

CONTAINER DISPOSAL: Non-dispense container. Do not reuse or refill the container. If Greater Than 1 In 1000, Contact for Recycling if available. If Preret, Call your local Solid Waste Agency for disposal instructions.
