Contains Cypermethrin

Contact & Residual Control

Contact & residual control of ants, roaches, spiders, silverfish, firebrats, centipedes & other listed insects

Use indoors or out

For industrial, institutional and commercial use only

Keep Out Of Reach Of Children

WARNING (See back booklet for additional Precautionary Statements)

Net Contents 1 fl. oz.

Makes up to 2 Gallons
First Aid

WARNING: Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles, face shield or safety glasses. Harmful if swallowed, inhaled, or absorbed through skin. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

Personal Protective Equipment (PPE)

Some materials that are chemical-resistant to this product are waterproof gloves such as neoprene or viton. If you want more options, follow the instructions for category F on an EPA chemical-resistance category selection chart.

Mixers, loaders, applicators, and other handlers must wear the following:

- Long-sleeve shirt and long pants,
- Shoes and socks,
- Chemical resistant gloves for mixers, loaders and applicators using handheld equipment.

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

User Safety Recommendations

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment washwater or rinsate. See Directions for Use for additional requirements.

Environmental Hazards

Combustible. Do not use or store near heat or open flame. Flashpoint 140°F Min.

Storage & Disposal

Do not contaminate water, food or feed by storage or disposal. Storage: Store product in original container and keep container closed when not in use. Do not store near food or feed. Protect from freezing. In case of spill or leak on floor or paved surfaces, soak up with sand, earth or synthetic absorbent. Remove to chemical waste area. Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative of the nearest EPA Regional Office for Guidance. Container Disposal: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

For industrial, institutional commercial use only.

- Crush and crevice, spot spray for residual cockroach control.

- Crack and crevice, spot spray for residual cockroach control.
- Post-gerbing soil, post-gerbing zone, and post-gerbing activity, including seedling, sprouts, and young seedling.
- Mop-up and maintenance of post-gerbing zones, maintaining soil, and maintaining young seedling.
- Keep in mind that the use of this product is strictly prohibited within the walls of any residence or home.
- Contains 2.14 lbs. active ingredient per gallon.
- Storage:
  - Keep container closed and store in a cool, dry place.
  - Do not store near food or feed.
  - Protect from freezing.
  - In case of spill or leak on floor or paved surfaces, soak up with sand, earth or synthetic absorbent.
- Pesticide Disposal:
  - Excess pesticide, spray mixture or rinsate is a valuable industrial waste, useful for energy recovery.
  - Pesticide wastes are especially hazardous.
  - Improper disposal of pesticide can be acutely hazardous.
  - Pesticide wastes are toxic to aquatic life.
  - Personal Protective Equipment (PPE):
    - PPE includes, but is not limited to, protective gloves, protective footwear, protective eyewear, and protective clothing.
  - Personal Protective Equipment (PPE) applies to all uses of this product.
  - When applying this product, the user must wear the following PPE:
    - Long-sleeve shirt and long pants,
    - Shoes and socks,
    - Glasses and the following:
      - Gloves: Chemical-resistant, category F on an EPA chart.
      - Face protection: Chemical-resistant category F on an EPA chart.
  - All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
    - Applications to building foundations up to a maximum height of 3 feet.
    - Applications to building foundations in a manner inconsistent with its labeling.
  - Application Around Swimming Pools:
    - Do not apply to boat surfaces which contact or runoff to occur.
    - During any application to non-porous surfaces, do not allow dripping or runoff to occur.
    - Do not apply directly to the wheels of boats or other aquatic equipment.
    - Do not apply directly to the water surface.
    - Do not apply directly to the wheels of boats or other aquatic equipment.
