Nu-Kill II®

WASP & HORNET KILLER

Drops Wasps, Hornets & Yellow Jackets Instantly

Kills With Residual Action As Wasp & Hornet Return To Nest

Jet Spray – Will Reach Nests Up To 20 Feet Above Ground

Contains Synergist Piperonyl, Butoxide & Permethrin & Tetramethrin

Dielectric Breakdown Voltage of 47,300 Volts

Can Be Used Both Indoors (Attics And Other Places Where Nests Are Built) And Outdoors On Wasp & Hornet Nests Highly Effective Against Ants

DIRECTIONS FOR USE:

When treating outdoors, use the nozzle to direct the spray to the nontarget vegetation, structures, and surfaces. Using the nozzle to direct the spray to nontarget vegetation, structures, and surfaces may increase the risk of drift. If drift occurs, cover or move nontarget vegetation, structures, and surfaces. Use the nozzle to direct the spray to the target area. For additional safety information, see the label for this pesticide.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin and clothing. Harmful if swallowed or inhaled. Avoid breathing vapors or mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco and using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID STATEMENTS:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid or solid to the person who is unconscious. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice. NOTE TO PHYSICIAN: Contains petroleum distillates – vomiting may cause aspiration pneumonia. HOT LINE NUMBER: Call your local solid waste disposal agency or 1-800-CLEANUP for disposal instructions.

KEEP OUT OF REACH OF CHILDREN.

CAUTION: See back panel for additional precautionary statements.

FOR PROFESSIONAL USE ONLY

ACTIVE INGREDIENTS:

* Tetramethrin: .................................................. 0.10%  ** Permethrin: ............................................. 0.25%  **Piperonyl Butoxide, Technical: .................. 0.60%

OTHER INGREDIENTS: ........................................ 99.55%

TOTAL: ............................................................ 100.00%

1. cyclohexene-1,2-dicarbonicdioximide Methyl 2, 2-dimethyl-3-(2-methylpropyl) cyclopropanecarboxylate
2. (3-phenoxyphenyl) methyl (±) cis/trans 3-(2,2-dichloroethyl)(±) 2, 2-dimethyl cyclopropanecarboxylate. Trans ratio: min. 35%, (±) cis and max. 65% (±) trans.† Contains Petroleum Distillates.

For Residential Use
