**DIRECTIONS FOR USE**

1. Do not open until ready to use. Dust will form on collar when opened. Apply collar over your pet’s neck. Feed the collar through both holes in the buckle, so that you can easily pass the end of the collar through the buckle, without closing it. This will help prevent the collar from pulling apart. Pull on the collar tabs to test for tightness and adjust. A collar must be worn loosely to allow for growth of the pet and to permit both holes notches facing out. Fit to the neck of the cat. The collar is one that, when fastened, will snugly slide over pet’s head.

2. Bend the buckle in half between the holes in the buckle, so that you can easily pass the end of the collar through both holes. The tabs that held the collar during storage. Do not get dust in mouth or eyes. Take the collar out of the packaging and leave 1 or 2 extra inches for collar adjustment, cut off remaining tabs to remove them.

3. Place the collar around your pet's neck. Feed the collar through both holes in the buckle, so that you can easily pass the end of the collar through the buckle. The tabs that held the collar during storage. Do not get dust in mouth or eyes. Take the collar out of the packaging and leave 1 or 2 extra inches for collar adjustment, cut off remaining tabs to remove them.

4. Fasten collar by inserting collar on pet. Replacement collar every 3 months or sooner if needed.
