LABEL COVER SHEET

Fore® 80WP Rainshield®
EPA Reg. No. 62719-388

EPA Accepted: 6/22/18, FPL 6/26/18
Label Code: 11023779 1807

Additional revisions requested by EPA in E-mail dated April 25, 2018 from Maryam Muhammad:

2. Revise First Aid Statement to read, “Remove contact lenses, ... then continue rinsing.”
3. Under PPE remove, “If you want more options... selection chart.”
5. Within Storage and Disposal section change “and” to “or” in statement about contamination. Also add the word “then” in front of, “offer for recycling...”
7. Add the word “Restriction” in front of Chemigation statement and Aerial application statement.
8. Under mixing directions add, “It is the pesticide user’s responsibility... product in the tank mixture.”
9. Add the equivalent ai per acre under Ornamentals Restrictions.
10. In the Crop/Diseases Controlled table instead of saying, “Refer to azalea” put in the use direction for each crop.
11. Add the word “Restriction” in front of the Crop Specific Use Direction for marigold.
12. Revised header on label B from “Remarks” to “Use Directions”

Additional revisions requested by EPA in E-mail dated February 8, 2018 from Miguel Zavala:

1. Removed apron from PPE requirements on Engineering Controls statement.
2. Changed “chemical resistant gloves made of any waterproof material” to “chemical resistant gloves” throughout the label.

Additional revision requested by EPA in E-mail dated November 8, 2017 from Miguel Zavala.

| **Dosage:**                  |
| Acre (250 premature sprouts) | (6.72 lb ai per acre) per year. |

**Non-Agricultural Use Requirements**

- Shoes and socks
- Chemical-resistant gloves (except for pilots)
- Respiratory protection
- Nonrefillable container. Do not reuse or refill this product.
- Waste resulting from the use of this product may be landfilled.
- In case of emergency, contact your nearest Dow AgroSciences Customer Service Center.
- **Chemical:** 80 WP Rainshield
- **GHS07:** Harmful If Absorbed Through The Skin

**Hazards to Humans and Domestic Animals**

- **In case of emergency:** do not enter or allow worker entry into treated areas during the restricted entry period. Remove to open areas for disposal. Do not enter buildings and to ornamentals not grown for resale are not within the scope of this label.
- **Should you experience skin irritation:** discontinue use and wash affected area with soap and water. If irritation does not subside, consult a physician.

**Risks of Use, and Limitation of Remedies**

Incorporate integrated pest management (IPM) practices into your program to reduce the risk of resistance development. When selecting a protective spray program, consider the following:

1. 2. Replacement of amount of product used.

**Restrictions**

- Do not apply this product through any type of irrigation system.
- Do not apply with a nozzle height greater than 4 feet above the crop canopy.
- Do not apply with a nozzle height greater than 4 feet above the crop canopy.
- Do not apply with a nozzle height greater than 4 feet above the crop canopy.
