TRILUX® 33

PRODUCT DESCRIPTION: TRILUX® 33 was developed to use on aluminum, including most aluminum, and can be used on stainless steel, copper, and some other metals. TRILUX® 33 does not affect the glass, which will remain in place, allowing for the control of the interior of the building. The performance of TRILUX® 33 is directly related to the type of glass it is used on. It is designed for applications where the glass is cooled, such as windows, doors, and skylights. TRILUX® 33 is used on commercial or residential windows in the United States and Canada. It is a versatile product that can be applied to many different surfaces, including metal, wood, and masonry. TRILUX® 33 is easy to apply, with a brush, roller, or spray. It is also easy to clean and maintain. TRILUX® 33 is a low-maintenance product that can be applied indoors or outdoors. It is also easy to install, with a simple application process. TRILUX® 33 is a great choice for homes and businesses that want a simple and easy-to-maintain solution for their windows.

PREPARATION

BARE ALUMINUM - On small crafts where finishing is not necessary, i.e., aluminum Pennsylvania, domestic, or a combination of both. TRILUX® 33 should be applied to bare, unworn, and unworn surfaces in a continuous manner. TRILUX® 33 is a high-quality, low-maintenance product that can be used on a variety of surfaces, including metal, wood, and masonry. It is easy to apply, with a brush, roller, or spray. It is also easy to clean and maintain. TRILUX® 33 is a low-maintenance product that can be applied indoors or outdoors. It is also easy to install, with a simple application process. TRILUX® 33 is a great choice for homes and businesses that want a simple and easy-to-maintain solution for their windows.

ALUMINUM PREVIOUSLY PAINTED WITH ANTIQUE-PAINTED SEA-FILM or AIR-HARDENING PAINT: Apply TRILUX® 33 to all bare, unworn, and unworn surfaces in a continuous manner. TRILUX® 33 is a high-quality, low-maintenance product that can be used on a variety of surfaces, including metal, wood, and masonry. It is easy to apply, with a brush, roller, or spray. It is also easy to clean and maintain. TRILUX® 33 is a low-maintenance product that can be applied indoors or outdoors. It is also easy to install, with a simple application process. TRILUX® 33 is a great choice for homes and businesses that want a simple and easy-to-maintain solution for their windows.
