TRILUX® 33

PRODUCT DESCRIPTION: TRILUX® 33 was developed for use on aluminum bulked vessels but can be used on fiberglass, wood and sheet metal surfaces. TRILUX® 33 can be used in direct contact with alcohol and other solvents and inorganic acids below the level of 30% concentrations. It is a unique combination of butyl rubber and rubber to provide excellent adhesion and resistance to a wide range of chemicals and environments. This product is approved for use in the United States by the FDA for food contact surfaces. It is also approved by the European Union for food contact surfaces.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
KEEP OUT OF REACH OF CHILDREN

DANGER
Danger: Causes skin burns. Causes substantial local necrotic eye injury. May be fatal if ingested. Hazard: flammable. Avoid contact with eyes, skin or clothing. Do not breathe dust, vapor, smoke or mist. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

Residential (non-commercial) users are advised to wear respiratory protective equipment, protective eyewear (goggles, safety glasses, or face shield), long-sleeved shirt and long pants, socks and shoes. In addition to the above, high-visibility PPE (i.e., safety vest, high-visibility cap, etc.) should be worn for visibility.

STATEMENT OF PRACTICAL TREATMENT
If swallowed:
- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.
- Do not wash or douche.

If inhaled:
- Call a poison control center or doctor for treatment advice.

If on skin:
- Wash with soap and water for at least 20 minutes.
- Take off contaminated clothing.
- Wash skin immediately with plenty of water for 15-20 minutes
- Call a poison control center or doctor for further treatment advice.

If in eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses. If irritation persists, consult a doctor.

If mixed:
- Bump or jolt may cause more damage. Do not mix with other products.

ENVIRONMENTAL HAZARDS:
This material is toxic to fish. Do not allow water or cleaning equipment to come into contact with fish or other aquatic life. Do not boil or dilute.

Physical or Chemical Hazard: Flammable

STORAGE AND DISPOSAL:
Do not store in plastic containers. Do not store near water or other flammable materials. Do not burn. Do not incinerate. Do not dispose of in a sanitary landfill or sewer system. Do not pour into the environment.

Pesticide Disposal:
Do not dispose of pesticide concentrates in the environment. Do not flush pesticide concentrates into the environment. Do not dispose of pesticide concentrates in the environment. Do not dispose of pesticide concentrates in the environment. Do not dispose of pesticide concentrates in the environment.

CONTAINER DISPOSAL:
Do not dispose of in an approved landfill. Consult local, state or federal waste disposal authorities for more information.
