ACTIVE INGREDIENTS: 
Hydrolyzed 1,3,5-tri-2-hydroxyethyl-2-hydroxyphenyl-
-3,5-xylene... 78.00% 
INERT INGREDIENTS: 
TOTAL: ... 100.0% 

STORAGE AND DISPOSAL: DO NOT CONTAIN WATER, FOOD OR FEED BY STORAGE AND DISPOSAL 

PESTICIDE STORAGE: Product should be stored in an area that is not subject to extreme temperatures. Proper protective equipment, as indicated above, should be worn when opening, transferring and using product. Close drum bins tightly when not in use. Spill-proof leak-proof containers of additional handling information are contained in the Material Safety Data Sheet. Do not transport in unlined metal container. 

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous, improper disposal of excess pesticide, spray misture or residue is a violation of Federal Law. If the wastes are not disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Handler at the nearest EPA Regional Office for guidance. 

CONTAINER DISPOSAL: [Instructions for non-refillable containers 5 gallons or less] Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triplicate (or equivalent) container promptly after emptying. Triplicate as follows: Empty remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back, ensuring at least one complete revolution, for 30 seconds. Replace the container on its end and roll it back and forth several times. Repeat this procedure over its end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinse for later use or disposal. Repeat this procedure two more times. Then offer for recycling or recrystallizing or purific and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. 

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit or if the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewers without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board of Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of unused

Notes: 91 Preservative is a liquid antimicrobial agent for use in controlling microbial contamination in materials such as coated paper, fabric, paper products, adhesives, water based metal working fluids, and drilling mudds and workover and completion fluids. Use of this product in paints, stains, coatings, institutional and household cleaning products is prohibited.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with this label.
