**INSECTICIDE/MITICIDE USE:**  
CINNACURE™ is effective against spider mites, aphids, whiteflies, thrips, mely bug, lygus bug, squash bug, stink bug and coating moth on roses and other ornamental shrubs and trees. May also be used on all types of vegetable plants, tomatoes, herbs, spices, small fruits and berries including grapes and kiwi. May be safely applied up to the day of harvest. Complete coverage of upper and lower leaf surfaces, plant stems and buds is essential for maximum product effectiveness. Best performance and maximum plant safety will be achieved in the cooler hours of the day (mornings and evenings). Apply at a 7 to 14-day interval until pests are no longer present.

**FUNGICIDE USE:**  
CINNACURE™ effectively controls and/or prevents a number of fungal diseases including powdery mildew, black spot, rust and botrytis. Eradicates powdery mildew on contact and helps prevent the

**SHAKE WELL BEFORE EACH USE.**

**FIRST AID**

<table>
<thead>
<tr>
<th>If on skin or clothing:</th>
<th>Take skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>If in eyes:</th>
<th>Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.</th>
</tr>
</thead>
</table>

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

---

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if absorbed through the skin. Causes eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use, pour, spill or store near heat or open flame.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**GENERAL INFORMATION**

SHAKE WELL BEFORE USING.

- CINNACURE™ is a broad spectrum food grade fungicide/insecticide/miteicide. CINNACURE™kills all life stages of spider mites, aphids and whiteflies. Both eradicates and helps prevent reinfestation from fungal disease, such as powdery mildew.
- CINNACURE™uses the active ingredient in Cinnamon oil to safely eliminate insect, spider mite and disease pests of roses, other ornamentals, vegetable plants and tomatoes.
- CINNACURE™has not been tested on all plant varieties. Injury could result to some species at sensitive stages of growth or to the open blooms of certain plants. Test on a small number of plants or plant parts prior to broad scale use.
- CINNACURE™is a contact pesticide. Hold sprayer approximately 12" from target pest. Thorough spray coverage of the pest or pathogen is essential for good control.
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Store in original container. Do not store near food or feed stuffs. In trash or offer for recycling if available. If ready filled. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PESTICIDE DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If ready filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
