**Maximum Force 3G Insecticide Allowed per Application:**

- Use Restrictions
  - 3 Suppression only
  - For best wireworm and/or white grub control, apply the granules as an in-furrow treatment
  - Use 5 oz./1,000 ft. of row for heavy infestations

</table>

**Application Method**

- Do not apply to bare ground. Do not apply to bare ground to allow for wildlife consumption. Do not apply to bare ground regardless of row spacing. See table below for amount of Force 3G Insecticide required per acre for typical row spacings.

- **T-banded:**
  - Place granules directly in the seed furrow behind the planter shoe or on both sides of the row (split boot). Cover the treated bands with 2-3 inches of soil by making the application ahead of cultivation equipment. Apply this product unless you can incorporate the granules as directed above. Do not apply Force 3G Insecticide or any other pesticide in the same application tank.

- **In-Furrow:**
  - Place granules in a 7-inch band directly behind the planter shoe in front of or behind the press wheel. Do not apply Force 3G Insecticide when activity of rootworm larvae is first observed. Make this application within 30 days of seedling emergence. Do not apply Force 3G Insecticide to bare ground or soil. Do not overlap the application area of Force 3G Insecticide with other fungicide or pre-emergent or residual herbicides. Do not exceed a total of 5.5 lbs./A of Force 3G Insecticide (0.164 lb. ai/A of tefluthrin) per year regardless of the application.

**Storage and Disposal**

- Store containers, waste, or hazardous storage in a secure area.
- Do not mix with other chemicals, except as directed in the product label.
- See inside booklet for Precautionary Statements, Storage and Disposal and Directions for Use.

**Pesticide Disposal**

- Do not store or use in or around the home. Store in original containers only.
- In case of spill on floor or paved surfaces, sweep up and remove to chemical waste area. Do not apply to bare ground or soil. Do not exceed a total of 10.9 lbs./A of Force 3G Insecticide (0.327 lb. ai/A of tefluthrin) per application regardless of row spacing.

**For Use to Control Insects on Field Corn, Popcorn, Seed Corn and Sweet Corn**

**Restrict Use Pesticide**

Due to toxicity to fish and aquatic organisms.

For retail sale to and use only by Certified applicators, or persons under their direct supervision, and only for those uses covered by the Certified applicator’s Certification.

Keep out of reach of children.

PRODUCT INFORMATION

FORECASTED USE

Applicators and other handlers must wear:

1. Long-sleeved shirt and long pants
2. Washable, impervious gloves, rubber ≥ 14 mils, or polyvinyl chloride [PVC] ≥ 14 mils or Viton® ≥ 14 mils.
3. Wash the outside of gloves before removing.
4. Remove PPE immediately after handling this product.

CAUTION

This product may pose a hazard to endangered aquatic species. Follow all use directions.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of AMVAC® Chemical Corporation (AMVAC®). The user of Force 3G Insecticide must be responsible to determine whether it is safe and appropriate to use the product under the conditions of use intended by the user, and to determine whether any steps or precautions are necessary to prevent or minimize any risks of crop injury, ineffectiveness or other unintended consequences.

AMVAC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use of the Product. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

The restricted entry interval (REI) for this product is 48 hours.

AMVAC Force 3G Insecticide must be used only in accordance with this label.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

In order to maintain susceptibility to this class of chemistry:

• Do not attempt to repair the SMARTBOX application system. If repairs are necessary, contact your Sales Representative or the manufacturer of the applicator system.

• Do not attempt to open or tamper with the container.

• Do not attempt to clean or sanitize an SMARTBOX system prior to filling/emptying.

When applying this product, apply it uniformly to all treated areas and under the conditions specified in the Directions for Use of this product. If repairs are necessary, contact your Sales Representative or the manufacturer of the applicator system.

• Do not attempt to clean or sanitize an SMARTBOX system prior to filling/emptying.

• Do not attempt to open or tamper with the container.

• Do not attempt to repair the SMARTBOX application system. If repairs are necessary, contact your Sales Representative or the manufacturer of the applicator system.

• Do not attempt to open or tamper with the container.

RESTRICTED USE PESTICIDE
DUE TO TOXICITY TO FISH AND AQUATIC ORGANISMS
For retail sale to and use only by Certified applicators, or persons under their direct supervision, and only for those uses covered by the certified applicator's Certification.

GROUP 3 INSECTICIDE
For use to control insects on Field Corn, Popcorn, Seed Corn and Sweet Corn

Active Ingredient:
Tefluthrin: (2,3,5,6-tetrafluoro-4-methylphenyl)methyl-(1),3-(Z)-(±)-3-(2-chloro-3,3,3-trifluoro-1-propenyl)-2,2-dimethylcyclopropanecarboxylate 3.0%

Other Ingredients: 97.0%
Total: 100.0%

Force 3G Insecticide contains 3 pounds of tefluthrin per 100 pounds of granular insecticide.

KEEP OUT OF REACH OF CHILDREN
CAUTION
Contains a Pyrethroid Insecticide (Tefluthrin)

If in eyes:
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing:
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled:
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If swallowed:
Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

EMERGENCY INFORMATION
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
