DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Pre-clean all surfaces to be treated with this product. 

1. For use as a disinfectant for hair clipper and electric shears:
   - Disconnect from the electrical supply. Hold in a downward position and apply this product to thoroughly wet the blades, making sure the solution does not drain into the housing. 
   - Wipe cloth towels before reusing.

2. For surface cleaning:
   - To clean surfaces, saturate surfaces with this product by spray, mop, rag, towel, paper towel, pour, or immersion then wipe surface clean. Repeat, if necessary, until surfaces are visibly clean. Discard paper towels or launder cloth towels before reusing.

3. For use as a disinfectant for hair clipper and electric shears:
   - Disconnect from the electrical supply. Hold in a downward position and apply this product to thoroughly wet the blades, making sure the solution does not drain into the housing. 
   - Wipe cloth towels before reusing.

4. For surface cleaning:
   - To clean surfaces, saturate surfaces with this product by spray, mop, rag, towel, paper towel, pour, or immersion then wipe surface clean. Repeat, if necessary, until surfaces are visibly clean. Discard paper towels or launder cloth towels before reusing.

STORAGE AND DISPOSAL

Do not contaminate water, food, feed, or off-site materials. Properly dispose of discarded disposable containers and in-use product. 

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Hazards to humans and domestic animals. Causes moderate irritation. Avoid contact with eyes, skin, or clothing. Wear appropriate personal protective equipment based on work practices. Wash thoroughly with soap and water after handling and before eating, drinking, or using the bathroom. Do not re-use or refill this container. Discard container and put in trash or for recycling if available.

FIRST AID

If Inhaled: Move person to fresh air. If person is unconscious, call an ambulance; then give artificial respiration, preferably by mouth-to-mouth if possible. If on Skin: Take off contaminated clothing. Wash skin immediately with plenty of soap and water for at least 15 minutes. Remove contaminated clothing and wash such items as possible. If skin irritation or rash appears, seek medical attention. 

If Swallowed: Give 1-2 glasses of water; do not induce vomiting. Seek medical attention. 

If in Eyes: Hold in a downward position and apply this product to thoroughly wet the blades, making sure the solution does not drain into the housing.
