PRODUCT NAME: Precor 2000 Plus Premise Spray

EPA REGISTRATION NUMBER: 2724-490

LABEL COMPONENT NUMBER(S) ATTACHED: 99.0000021.06 Can Label

EPA APPROVED LABEL/NOTIFICATION: N/A

REVISIONS INCLUDE:

1. Changed the color scheme of the label.
2. Updated trademark information.
3. Increased font size of “Storage & Disposal” heading.
Precor 2000® Plus Premise Spray (Precor 2000® Plus) kills adult fleas, hatching flea eggs, flea larvae, ticks, cockroaches, and ants. PRECOR®, the ingredient in Precor 2000® Plus provides 210 days’ protection by preventing eggs from ever developing into biting fleas. For best results, treat your pet with a product registered for that use, such as Petcor® Plus, or similar on-animal products for complete control of fleas and ticks. READ ENTIRE LABEL BEFORE USE. NOT FOR USE ON HUMANS OR PETs.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. SHAKE WELL BEFORE USING.

USE RESTRICTIONS: Do not use in food areas or food handling establishments, restaurants, or areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is prepared, served, or consumed. Non-food service areas where food is not prepared or served. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is prepared, served, or consumed. Non-food service areas where food is not prepared or served.

APPLICATION: Application is prohibited directly onto streams, or to an area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not enter or allow others to enter until sprays have dried. Do not use or attempt to inject or pour into any cup or container with the product contained or present. Always follow the directions for this product.

For Surface/Carpet treatments, vacuum thoroughly before spraying and discard vacuum bag in outside trash. This product may be used in an area where the surface that is being treated is one that is likely to be drenched or contaminated with the product. Do not use in aircraft cabins. Do not use in dairy barns where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not contaminate water, food, or feed by storage or disposal. Pesticide Storage: Store in a cool, dry area. Do not transport or store below 32°F. Container Handling and Pesticide Disposal: Do Not Perforate or Incinerate. Place in trash or offer for recycling if available. If properly treated, this product may be disposed of in the waste stream or on land as, or in an area. User Safety Requirements: Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions are available, use detergent and cold water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been contaminated or heavily contaminated with this product. Do not reuse them.

FIRST AID:

IF SWALLOWED: Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person. • Do not give milk or water to the person. • Do not give anything by mouth to an unconscious person. • Do not give milk or water to the person.
