Residual action protects horses from horn flies, face flies, horse flies, mosquitoes and gnats. Kills Lice and round eggs. Ticks and Fleas (adults and larvae) on dogs.

PRECAUTIONS FOR USE
- Use this product according to label instructions. Note: This product is not a substitute for a complete program for managing tick and flea infestations or for the control of other insects. Use of this product on pets should be directed by a veterinarian.

SHAKE WELL BEFORE USING. Apply Repel-35 to a clean coat. Brush animal thoroughly to remove loose dirt and dust or dust, then apply, using a swab or brush with Bio-Groom Golden Sheen Conditioning Shampoo. Wait at least 2 hours before applying Repel-35. For protection from flies, mosquitoes and gnats, apply at a rate of 1 fl. oz. per adult animal, sufficient to coat the hair thoroughly. Avoid spraying into eyes, ears or mouth. Repeat every four weeks if required as prescribed by a veterinarian. Read before using. (Read before use).

ON HORSES: To control flies, ticks and lice. Start spraying at the tail, moving the dispenser rapidly and making sure the animal's entire body is covered, including the ears and underbelly. While spraying, brush the hair so that the spray will penetrate to the skin. Make sure spray is applied thoroughly. Do not allow spray to come into contact with fingers or hands. Repeat every 31 days. Do not use on animal under 12 weeks. Do not use on cats or kittens.

Consult a veterinarian before using on debilitated, medicated, aged, pregnant or nursing animals.

STORAGE AND DISPOSAL
Do not reuse empty container. Wash container and put in trash collection.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with eyes, skin or clothing. In case of contact, flush with plenty of water. Call a physician if irritation persists. Wash thoroughly after handling and before smoking or eating. Avoid contamination of food or beverages. Do not use in any area where food or feed is stored, prepared or consumed. Do not use on humans. Sensitivities may occur after using any pesticide product for pets. If rash, swelling, itching, redness or other skin irritation develops or increases and persists, discontinue use and seek medical advice immediately.

FIRST AID
Have the product container or label with you when calling a poison control center or doctor or going for treatment.

If swallowed:
