PRECAUTIONARY STATEMENTS/HAZARDS TO HUMANS & DOMESTIC ANIMALS

DANGER

PELIGRO

Corrosive. Causes irreversible eye damage. May be fatal if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing spray mist. Pretreated or frequently repeated skin contact may cause allergic reactions in some individuals.

PERSONAL PROTECTIVE EQUIPMENT (PPE):
All owners, loaders, applicators, and other handlers must wear:
• Protective eyewear (goggles, face shield, safety glasses)
• Long-sleeved shirt and long pants
• Shoes plus socks
• Chemical resistant gloves, except for bag sewers, waste placers, truck drivers, and samplers.
• Chemical resistant apron when mixing/loading, cleaning up spills, cleaning equipment, or otherwise exposed to the concentrate.

Some materials that are chemical resistant to this product are burlap rubber, nitrile rubber, neoprene rubber, PVC, cotton, or tarred laminate. If you want more options, follow the instructions for Category C on an EPA chemical-resistance category selection chart.

USER SAFETY REQUIREMENTS:
Follow manufacturer’s instructions for cleaning/disposing of PPE. If no such instructions exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS:
Wear washable clothes after eating, drinking, chewing gum, using toothpaste, or using the toilet. Owners should remove clothing/PPE immediately if pesticide gets inside. Wash thoroughly and put on clean clothing. Owners should remove PPE immediately after handling the product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS
This chemical is toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Readout of the treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when cleaning equipment or disposing of equipment wash waters or debris. Apply this product only as specified on the label.

Do not discharge effluent containing the product into lakes, streams, ponds, oxbow lakes, or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without first notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool dry place.

PESTICIDE DISPOSAL: Pesticide waste are acutely hazardous. Improper disposal of excess pesticide, spray mixtures, or residues is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the hazardous waste representative of the relevant Regional Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Triple rinse container promptly after emptying. Triple rinse as follows:

For containers > 5 gallons in size: Empty remaining contents into application equipment or a mix tank and store for 10 seconds after the flow begins to drip. Fill the container 1/3 full with water and recap. Shake for 10 seconds. Pour into application equipment or a mix tank or store in a safe site of later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

For containers > 5 gallons in size: Empty remaining contents into application equipment or a mix tank. Fill the container 1/3 full with water. Bagpipe and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over to the other end and tip it back and forth several times. Empty the mix into application equipment or a mix tank or store in a safe site for later use or disposal. Repeat this procedure two more times.

Then offer for recycling if suitable or purchase and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

WASTE DISPOSAL: The U.S. Environmental Protection Agency (EPA) requires producers/owners to follow the waste disposal requirements stated on the product label. If the product is used as directed, the final waste produced will be classified as nonhazardous waste. Nonhazardous waste is not hazardous waste as defined by the terms of the Resource Conservation and Recovery Act of 1976 (RCRA). It should be disposed of through normal waste disposal procedures. Contact your local solid waste authorities for specific guidelines.

DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS:
Do not apply this product in a way that will contact workers or other persons. Only protected handlers may be in the area during application.

Application Restrictions for Citrus Fruits:
Do not enter or allow others to enter the treatment area until the citrus is treated and completely dried. The windows and doors of the transport vehicle must be closed prior to and during treatment.

Citrus Fruits: Intended for post-harvest control of Pestalidium digitatum (green mold), Pestalidium claviforme (blue mold), Glomerella cingulata and stem rot, Diplodia nataisit (diploid rot) and Alternaria citr in citrus fruits.

Used as directed, Fungafior 500 EC has curative and preventive action as well as antipropagation properties.

DOSE RECOMMENDATIONS:
In dosps, wash tanks, and drenchers: Apply Fungafior 500 EC at rates of 12.8-19.2 fl. oz. per 100 gallons water (500-1500 ppm active ingredient). The treatment solutions should be inspected periodically to ensure the proper concentration of active ingredient. Length of dip time should not exceed two minutes.

In non-recovery spray: Apply Fungafior 500 EC at 25.5 fl. oz. per 100 gallons water (1000 ppm a.i.). Apply to freshly-cleaned citrus immediately prior to waxing.

For water spray brush applications: After washing, apply Fungafior 500 EC at 25.5 fl. oz. per 100 gallons water (1000 ppm a.i.). Apply prior to storage water application.

In citrus wax: Apply 51.1 fl. oz. of Fungafior 500 EC to 100 gal of citrus wax (2000 ppm a.i.) Use without further dilution in conventional waxing equipment.

Remark 1: Combustions of above-listed treatments are possible, but never more than two treatments should be carried out per season.

Remark 2: In waxes, sprout control can be obtained, at the rate of 102.2 fl. oz. Fungafior 500 EC per 100 gallons citrus wax or diluted “ready to use” detergent material (4000 ppm b.i.). When this dilution is used, combinations of treatments are not allowed.

Remark 3: AFTER DILUTION OF Fungafior 500 EC IN WAX, STRONGLY FOR AT LEAST 15 MINUTES WITH A MIXING DEVICE AT 1500 RPM.

NOTICE OF WARRANTY
Janssen PMP, a Division of Janssen Pharmaceutical NC warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to anticipate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Janssen PMP. To the extent permitted by law, Janssen PMP disclaims any liability for consequential, special or indirect damages resulting from the use or handling of this product. To the extent consistent with applicable law, all such roles shall be assumed by the Buyer. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, JANSSEN PMP MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

ACTIVE INGREDIENT: (w/w):

Fungafior 500 EC

IMA/121H (1,2,4-trichlorophenyl)-
2,4-dioxybenzo(3H)-1H-imidazole

INERT INGREDIENTS: (w/w):

TOTAL: 100.0%

Contains 4.17 lbs. active ingredient/gal.

KEEP OUT OF REACH OF CHILDREN

See side panel for additional precautionary statements

First Aid:

If in eyes: Hold open eye and rinse slowly with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow.

Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled:

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If ingested:

Keep the container and label with you when calling a poison control center or doctor.

NOTICE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. ATE.
