PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

DANGER

Corrosive. Causes irreversible eye damage. May be fatal if absorbed through skin. Causes skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed or inhaled. Avoid breathing spray mist.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear:
- Goggles or face shield
- Long-sleeve shirt and long pants
- Chemical-resistant gloves such as Nitrile, Viton, Neoprene or chloro/butyl laminate
- Shoes plus socks

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

User Should:
- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly.

INDUSTRIAL FUNGICIDE

ACTIVE INGREDIENT % Weight
3-Iodo-2-Propynyl Butyl Carbamate 40.0%
INERT INGREDIENTS 60.0%
Contains petroleum distillate
Total 100.0%

KEEPS OUT OF REACH OF CHILDREN

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, rivers, ponds, estuaries, oceans or other water unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA. Do not apply directly to water or to areas where surface water is present or to irrigation below the mean high water mark. Do not contaminate water when disposing of equipment washwater or runoff.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

PRODUCT: The following are suggested use levels for Woodtreat® 40-I. Typical use levels given for the various applications indicate the approximate levels for the particular application. All suggestions are given in percentage weight and refer to the product Woodtreat® 40-I.

USE: In order to determine the most effective use level for Woodtreat® 40-I in a given use, field tests are suggested.

GENERAL PRECAUTIONS AND RESTRICTIONS

Do not apply this product in a way that will contact workers or other persons. Woodtreat® 40-I is subject to be used in formulations for materials that come into contact with food.

APPLICATION INSTRUCTIONS

PAINTS AND STAINS: Generally use 0.4-1.2% or 4-12 pounds of Woodtreat® 40-I per hundred gallons. For hot, humid areas, use up to 2.0% (20 lbs). For interior paints use 0.1-0.4% (1-4 pounds). For wood protective stains use 3.0-12.0% (3-12 pounds) of Woodtreat® 40-I.

PLASTICS: Use in PVC plastics such as shower curtains, backpacks, umbrellas at a level of 0.5-2.0%.

WOOD: For above ground use only at rates of 0.2-2.0% depending on protection. For sapwood control, use 0.5% within 24 hours of cutting. For millwork, use 0.5%. Do not apply to wood surfaces that come into contact with food.

PAPER COATINGS: For use in non-food contact coatings only. Use in aqueous solvent-based coatings as part of a total of 0.5-1.0%.

CARVES AND CORDAGE: Use 0.5-2.0%.

ADHERENCES: Use 0.05-0.2%

INKS: Use 0.05-0.3%

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: This material has a tendency to crystallize at low temperatures. Storage temperatures below 50°F (10°C) and above 70°F (21°C) are discouraged.

PESTICIDE DISPOSAL: Pesticides wastes are acutely hazardous. Improper disposal of excess pesticides, safety supplies, or waste is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER HANDLING: Nonrecyclable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or in a mix tank, fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the remaining into application equipment or in a mix tank or store rinse for later use or disposal. Repeat the process two more times. Then offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning, if burned, stay out of smoke.
