DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CLEAN 'N' DISINFECT is designed for cleaning, disinfecting, and deodorizing for hospitals, clinics, laboratories, and similar healthcare environments. It is effective when used as directed to control microorganisms in healthcare environments.

To use Clean 'N' Disinfect:
1. Apply to surfaces or items to be cleaned. Avoid applying to surfaces that are sensitive to cleaning agents or that may be damaged by solvents.
2. Allow the solution to remain in contact with the surfaces for at least 1 minute.
3. Wipe off any residue with a damp cloth or sponge and dry with a clean cloth.

SAFETY PRECAUTIONS

- Avoid inhaling the solution or its fumes. Use in a well-ventilated area.
- Keep out of reach of children.
- Do not use on surfaces that are sensitive to cleaning agents or that may be damaged by solvents.
- Do not mix with other cleaning agents.

STORAGE AND DISPOSAL

- Keep the product in its original container, out of reach of children.
- Do not dispose of the product in drains, sewers, or storm drains.
- Do not mix with other cleaning agents.
- Do not use in environments where the solution may come into contact with live aquatic organisms.

NOTE TO PHYSICIAN

Probable mucosal damage may necessitate the use of gastric lavage.
