Value-Priced Annual Program

To improve your lawn, apply the Scotts Lawn Pro Value-Priced Annual Program. Start anytime, just check the month and apply products at two month intervals.

Directions for use
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application
- Apply to dry foliage. It is not necessary to water in after application.
- Apply this product in early Spring before the 4th mowing or before temperatures are regularly in the 90’s. Rain, snow or freezing weather after application will not affect the performance of this product.
- Do not seed sod or for four growing months following application. This product can prevent seeds from germinating.
- On newly seeded or sodded areas, wait until grass has been mowed at least 4 times.
- Do not use on Dichondra or bermuda lawns.
- Do not apply to shrubs, flowers or garden seed beds or plants.
- Do not apply this product more than once a year.
- Allow at least 46 weeks between applications of any other product in this Program.
- Do not apply material to cement, asphalt, clothing or shoes. If contact occurs brush off particles to prevent staining. If necessary, rinse off with water.

Raking
You may rake your lawn lightly to remove grass clippings or debris. However, breaking the soil surface in your lawn for 4 months after application. Heavy raking will disturb the crumbly structure and reduce the effectiveness of this product.

Actively growing crabgrass or moss
This product does not control actively growing crabgrass, moss, or other existing weeds.

Staining note:
Can cause staining to cement, stone, metallic surfaces (such as automobiles and garden furniture), clothing, or shoes. If contact occurs, brush off particles to prevent staining and/or trash it into the house. If necessary, rinse off with water.

Spreading Tips
Apply header strips. Then apply product in long direction of lawn. For best results, use a Scotts spreader.

Precautionary Statements
Hazards to Humans and Domestic Animals: CAUTION, causes eye irritation. Do not get in eyes, on skin or clothing. Wash after handling. May be harmful if swallowed. Do not contaminate feed or foodstuffs. Do not store feed clippings or livestock.

First Aid
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Person exposed to water or if swallowed. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment.

Environmental Hazards: This product is toxic to fish. Do not apply directly to water. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater. In case of spills, either collect for use or dispose of properly.

Storage: Store in a clean, dry place. Reseal opened bag by folding top down and securing.

Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available.

Partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
