PRECAUTIONARY STATEMENTS - Hazards to Humans & Domestic Animals
DANGER:
Corrosive: Causes irreversible eye damage. Harmful if swallowed, inhaled or absorbed through skin. Do not get in eyes, on skin or on clothing. Avoid breathing dust. Wear goggles or face shield. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash separately before reuse.

FIRST AID:
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 800.222.1222 for emergency medical treatment advice.
If in Eyes:
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If Swallowed:
Immediately call a poison control center or doctor for treatment advice. Have person drink large amounts of water if able to swallow. Avoid alcohol. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If Inhaled:
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing:
Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

Note to Physician:
Probable mucosal damage may contraindicate the use of gastric lavage.

Physical or Chemical Hazards
Use only clean, dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gasses and possible generation of fire and explosion. Avoid any contact with flaming or burning materials such as a lighted cigarette. Do not use this product in any chlorinating device that has been used with any inorganic or unstabilized chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

Environmental Hazards
This pesticide is toxic to fish and aquatic organisms.

Storage and Disposal:
Do not contaminate water, food or feed by storage or disposal.
Storage:
Store in original container only. Do not store in areas where water, food or feed may be contaminated. Protect from freezing. Store in a cool, dry, well-ventilated area away from heat or open flame.
Pesticide Disposal:
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.
Container Disposal:
Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Thoroughly rinse empty container with water to dissolve all material before discarding in trash or recycling.

FRONT
PRECAUTIONARY STATEMENTS - Hazards to Humans & Domestic Animals

DANGER: Caustic. Causes irreversible eye damage. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with mucous membranes. Use in an adequately ventilated area. Do not breathe dust, wear goggles or face shield. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash separately before reuse.

FIRST AID: Have the product container or label with you when calling a poison control center or doctor for treatment advice. You may also call 800.222.1222 for emergency medical treatment advice.

If In Eyes: Hold open eye and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present and easy to remove. Continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Swallowed: Immediately call a poison control center or doctor for treatment advice. Able to cause gastrointestinal irritation. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If person is breathing, give large amounts of water if able to swallow. Avoid alcohol.

If on Skin: Take off contaminated clothing. Immediately rinse skin with plenty of water for at least 15-20 minutes. Call a poison control center or doctor for further treatment advice.

If in Eyes: Rinse thoroughly with plenty of water for at least 15 minutes. Call a poison control center or doctor for treatment advice.

To Note: Probable mucous membrane damage may contaminate the use of gauze materials.

Physical or Chemical Hazards

This product is toxic to aquatic life. Such use may cause fire or explosion. Avoid any contact with flaming or burning materials such as cigarettes, matches, or other sources of ignition. Do not get in eyes, on skin or on clothing. Avoid breathing dust. Such use may cause fire or explosion. Avoid any contact with flaming or burning materials such as cigarettes, matches, or other sources of ignition. Do not get in eyes, on skin or on clothing.
