ACTIVE INGREDIENTS: n-Butyl (C4, 60%; C12, 30%; C16, 5%; C18, 5%) Chloroxylenol (C12, 30%; C16, 20%; C18, 20%; C14, 10%)

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION: causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or putting anything in the mouth. Wear gloves, protective glasses, and protective clothing when working with this product. Avoid contact with eyes, mouth, and skin. Wash thoroughly with soap and water to remove all traces of this product. In case of eye contact, flush eyes with plenty of water for 15 minutes. If irritation occurs, consult a physician. In case of skin contact, wash with plenty of soap and water; rinse hard with running water. If rash or irritation occurs, consult a physician. In case of ingestion, induce vomiting if product is swallowed; do not induce vomiting if taste of the substance is bitter. If vomiting does not occur, consult a physician. If symptoms persist, consult a physician. Keep out of reach of children. Use with caution when pregnant or nursing. Use only for disinfecting purposes. Do not use on unfinished wood. Do not use on painted or finished wood. Disposal: Do not discharge this product into the environment. Do not flush. Tightly close lid between uses to retain moisture. Nonrefillable container. Do not reuse or refill empty container. Recycle empty container or deposit in trash. CONTAINS NO PHOSPHORUS. NO CONTAINS FOSFORO.

DIRECTIONS FOR USE:

1. **SANITIZE AND DEODORIZE:**
   - Use disposable impervious gloves, gowns, masks, and eye coverings. Blood and other body fluids, use disposable impervious gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.
   - This product is not to be used as a terminal disinfectant in the high-level disinfection of any surface or item that is introduced directly into the human body, either intact or in contact with the bloodstream or normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semicritical medical devices prior to sterilization or high-level disinfection.
   - **Kills Avian Influenza A virus on pre-cleaned hard, nonporous surfaces.**

2. **CLEAN AND REMOVE ALLERGENS:**
   - Wipe surface with a wipe. Let air dry.
   - These wipes will not harm most surfaces, including acrylic, fiberglass and vinyl. Not recommended for use on painted or finished wood.

3. **TO SANITIZE AND DEODORIZE:**
   - Use disposable impervious gloves, gowns, masks, and eye coverings. Blood and other body fluids, use disposable impervious gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

5. **TO CLEAN AND REMOVE ALLERGENS:**
   - Wipe surface with a wipe. Let air dry.
   - These wipes will not harm most surfaces, including acrylic, fiberglass and vinyl. Not recommended for use on painted or finished wood.

Infectious Materials:

- Blood or body fluids, use disposable impervious gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

**Special Instructions for Use Against HIV-1 and HBV:**

- This product kills HIV-1 and HBV on pre-cleaned hard, nonporous surfaces/objects previously soiled with blood or body fluids in health care settings or other settings in which there is an expected likelihood of soiling by minute solid surfaces objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus (HIV-1) (associated with AIDS) and hepatitis B virus (HBV).

- Special instructions for using this product to clean and decontaminate against HIV-1 and HBV on surfaces/objects coated with blood/body fluids. Personal Protection: When handling items coated with blood or body fluids, use disposable impervious gloves, gowns, masks and eye coverings.

**Cleaning Procedure:**

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
