NET WEIGHT: 1 lb (16 oz/454 g)
**TERMITES, CARPENTER ANTS AND CARPENTER BEES:**

Apply to voids or channels in damaged wooden members of a structure, in cracks, spaces or bearng holes between wooden members of a structure, or between such members and the foundation; and in locations vulnerable to termite attack. Drilling may be necessary prior to applying dust in these locations, but it must be recognized that such drilling and treatment of timbers in a particular location may not result in complete coverage of infested and vulnerable voids or galleries. This dust can be applied in attics and crawl spaces to prevent entry of Drywood and Formosan termites at a rate of 0.5 lbs per 1000 square feet of floor area. In these treatments, all vents and blowers should be closed. Inspect at 6 months and one year to ensure that colony has been killed. The purpose of such applications of this product is to kill workers or winged forms of subterranean termites which may be present in the treated channels at the time of treatment. Such applications are not a substitute for mechanical alteration, soil treatment or foundation treatment but merely a supplement. For active termite infestations get a professional inspection.

**CENTIPEDES, GROUND BEETLES, MILLIPEDES, SCORPIONS, SPIDERS AND SOWBUGS:** Dust may be applied with a shaker can, behind baseboards, to window and door frames, corners, pipes, storage locations, attics, crawl spaces and other areas where pests may enter or crawl. Keep dusting materials and other susceptible means of entering the home clean by using a vacuum bag and place clean linens on bed.

**Roses, Petunias, Chrysanthemums, Geraniums, Carnations and other related flowers:** To control many leaf and flower chewing insects, apply as soon as the insect appears and repeat at 7 day intervals or as soon as insects continue to appear. Apply a thin layer of dust on both upper and lower sides of leaves, stems and flowers.

**OUTDOOR USE**

**PERIMETER TREATMENT:** Use this product as a residual treatment for control of ants, bees, centipedes, cockroaches, crickets, fleas, ground beetles, millipedes, scorpions, silverfish, stugs, sowbugs, spiders, ticks and wasps. A residual treatment around window and doors, porches, screens, awnings, patios, garages, under stairways, in crawl spaces and other areas where pests hide. To help prevent the invasion of buildings and structures by these pests, apply dust uniformly and thoroughly to the foundation and crawl spaces where pests are active and may find entrance. Apply dust thoroughly to underside of flagstones, roofing materials, window and door frames, and other structural areas where pests may find entrance. Do not apply directly to paving or to plantings. Apply dust as a crack and crevice treatment in closets and other close areas where these pests are found. This is an adjunct treatment and will not control moth larvae already on the clothing. Do not store this product directly on clothing. Apply dust to areas where these pests are found, for example: on and under edges of floor coverings, behind baseboards, under rugs and furniture and in closets. Do not apply directly to carpeting.

**BEDBUGS:** Remove linens prior to treatment. Apply dust lightly and uniformly to all areas where pests are typically found paying particular attention to folds and tufts of mattresses, coil edges of springs, cracks and hollow parts of bedsteads, picture frame moldings and all cracks and crevices in the room should be treated.

**USING DIRECTIONS FOR FIRE ANT TREATMENT**

**IMPORTED FIRE ANT MOUND AND TREATMENT:** Apply this product with a shaker can. Thoroughly apply dust to adequately cover mound and around the perimeter (18’ from the outer edge). Be sure to treat abandoned red ant burrows which are suspected of containing live ants and poison. Treat for a minimum of 5 days for light red ant populations, 10 days when populations are dense.

**USE DIRECTIONS FOR FIRE ANT TREATMENT**

**IMPORTANT:**

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability:

**CONDITIONS:** The directions for use of this product are believed to be adequate and should be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product.
Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Enforcer Products. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: ENFORCER PRODUCTS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of Enforcer Products is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. Enforcer Products disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.

LIMITATIONS OF LIABILITY: THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT ENFORCER PRODUCTS' ELECTION, THE REPLACEMENT OF PRODUCT.

STORAGE AND DISPOSAL
Storage: Store product in original container in a cool, dry, locked place out of the reach of children.
Container Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partially filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

FIRST AID
If On Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice. HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-877-541-2016.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
CAUTION
May be harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.
Environmental Hazards
This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water. Use with care when applying in areas adjacent to any body of water. Do not contaminate water when disposing of equipment washer.
