• Call a poison control center or doctor immediately for treatment advice.
• DO NOT INDUCE VOMITING.
• Do not give anything to drink.

IF IN EYES
• Wash immediately and continuously with flowing water for at least 30 minutes.
• Remove contact lenses after the first 5 minutes and continue washing. Obtain prompt medical consultation, preferably from an ophthalmologist.
• Call a poison control center or doctor immediately for treatment advice.

IF ON SKIN OR CLOTHING
• Take off contaminated clothing.
• Wash contaminated skin with water for 15-20 minutes.

IF INHALED
• If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth if possible.
• Call a poison control center or doctor immediately for further treatment advice.

NOTE TO PHYSICIAN: Aspiration may cause lung damage. Probable mucosal damage may cause upper respiratory symptoms.

Have the MSDS and, if available, the product container or label with you when calling a poison control center or doctor, or for treatment.

Full terms and conditions of sale/governing agreement between seller and buyer are set forth on the purchase order and must be read prior to use.

TERMS OF SALE
This product is being sold subject to the following terms and conditions: (1) Use only as directed; (2) this product contains formaldehyde and formaldehyde releasers and may cause skin sensitization; and (3) this product should not be applied to areas on the body where a foreign object is present. Contact an experienced health care provider if a foreign object is present.
