**PRECAUTIONARY STATEMENTS**

**Hazards to Humans & Domestic Animals**

**CAUTION:** Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**Personal Protective Equipment (PPE)**

Applicators and other handlers must wear: long-sleeved shirt, long pants, shoes, socks and chemical resistant gloves. Some materials that are chemical-resistant to this product are: barrier laminate, polyethylene and polyvinyl chloride ≥ 14 mils. For more options, follow the instructions for Category C on the chemical-resistance category selection chart.

**User Safety Recommendations**

Users should: thoroughly wash hands with soap and water after handling this product and before eating, drinking, chewing gum, using tobacco or using the toilet; immediately remove clothing/PPE if pesticide gets inside, then thoroughly wash and put on clean clothing; immediately remove PPE after handling this product. Wash the outside of gloves before removing. As soon as possible, thoroughly wash and change into clean clothing. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

**Physical or Chemical Hazards**

Flammable. Contents under pressure. Do not puncture or incinerate container. Keep away from heat, sparks and open flame. Exposure to temperatures above 130°F may cause bursting. Contact with roof shingles may cause discoloration or other unwanted effects.

**Environmental Hazards**

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intermittent areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Newt and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater.

**NOTICE OF WARRANTY:** Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. To the extent consistent with applicable law, in no case shall Rainbow be liable for consequential or special damages resulting from the use or handling of this product; all such risks shall be assumed by the buyer. Rainbow makes no warranties of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE or any other express or implied warranty except as stated above.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**SPECIAL USE ADVICE**

- **Product Precautions and Restrictions**
  - For Indoor Use:
    - Do not enter or allow others to enter until sprays have dried. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not contaminate feed and foodstuffs. Do not use in edible product areas or food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
  - For Use Around or Near Floor Drains:
    - Application is prohibited directly into sewers, drains or to any area like a gutter where drainage to other areas, storm drains and water bodies of aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
  - For Outdoor Use:
    - Only use areas are limited to only spot treatments. Broadcast applications are prohibited. Do not water the treated area to the point of run-off. Do not make applications during rain.

Before spraying insects or nests give the can a short burst away from the nest to ensure proper pressure.

**AREAS FOR APPLICATION**

Specially formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries. Also used for Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including: Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas).

**FOR WASP & HORNET CONTROL:**

- (1) Spray from an upwind position. (2) Hold can in an upright position with nozzle pointed towards nest while standing 6 to 12 feet away. (3) Begin spraying nest and all flying insects as possible. (4) Thoroughly spray nest. (5) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

**FOR YELLOW JACKET & BEE CONTROL:**

- (1) Spray in a sweeping motion on external flying insects around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active. (4) For large nests, more than one can may be necessary. **FOR ANTI & FIRE ANT MOUNDS:**

- (1) Spray the entire perimeter of the ant mound. (2) Directly spray the mound and break up the mound with a stick. (3) Spray all active ants until no activity is seen. (4) For large mounds, more than one can may be necessary.

**IF ANT PROBE IS USED:**

- (1) Install the probe on spray can. (2) Spray the entire perimeter of the ant mound. (3) Using the Ant Probe, break up the mound exposing active ants. (4) Holding the probe about 2 inches from the active ants, spray surface ants. (5) Begin spraying and penetrate mound while pushing probe downward as far as possible. Continue spraying while removing probe. (6) Repeat as required by mound size.

**FOR ORANGEANT CONTROL:**

- Spray directly on ants. Spray ant hills and runways. Repeat as necessary.

**FOR OUTDOOR SPIDERS** (including Black Widow and Brown Recluse), Silverfish, Crickets, Moths, Earwigs, Scorpions, Clover Mites and Millipedes:

- Thoroughly spray infested areas including outside surfaces of screen frames, doors, window frames, foundations, patios or other places where insects may enter or congregate.

---

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry area (inaccessible to children) away from heat or open flame.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of off-site or delivered to an approved waste disposal facility.

**CONTAINER DISPOSAL:** Do not puncture or incinerate! This container may be recycled in a few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. If recycling is not available, replace cap and put in trash.
