EPA Reg. No. 6215-23  EPA Est. No. 6215-MD-2

ACTIVE INGREDIENT...............Mineral Oil* 1.00%

*Unsulfonated Residue of Paraffinic Oil 92.6% Min

Net Contents: 1 Qt. Shake well before use.
ENVIRONMENTAL HAZARDS

Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, ditches, brooks, or other waterways. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Timing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

PHYSICAL OR CHEMICAL HAZARDS

Avoid contact with powerful oxidants such as liquid chlorine, concentrated oxygen, sodium hypochlorite, and calcium hypochlorite.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep container tightly closed in storage to prevent entry of contaminants. Store in cool, dry, locked area out of reach of children. Do not store this product in direct sunlight for prolonged periods of time. This product should be stored in its original container only.

PESTICIDE DISPOSAL: If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONTAINER DISPOSAL: If empty: Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available.

USE PRECAUTIONS

Hazards to Humans and Domestic Animals

Wear long-sleeved shirt, long pants, shoes, and socks.

Do not apply sprays to plants suffering from drought (moisture stress). Do not apply during periods of prolonged high temperature combined with high relative humidity. Do not use this product with diaminebulate, herbicides or fungicides such as Capstan, Topaz, Duane, Karathane, Mowrian or any product containing sulfer.) Do not use with Seibel 59W formulation (carbaryl) on deciduous fruit trees. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow pets or people to enter the treated areas until sprays have dried.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply this product through any type of irrigation system. Not to be applied to plants being grown for commercial use.

APPLICATION INSTRUCTIONS

Shake the container vigorously prior to use.

- The best times to spray are early evening and early morning.
- Completely cover the target pest and plant with spray solution.
- Certain plants may be sensitive to oil. A small number of plants should be test sprayed prior to general spraying.
- Use caution as open blooms-breathing and spotting have been observed on the open bloom of certain plants.
- May be used up to the day of harvest.

FRUIT & NUT TREES

APPLE, PEACH, ALMOND, APRICOT, CHERRY, PEACH, PERSIMMON, PLUM, PRUNE, PECAN

PEST

APHELIS REGIS: Apple Red Rug, Apple; Aphis (Vicia) including European Red Mite; Scales, soft/scaley/Scale; Red Tree Leaf Roller (egg), Pear, Leaf, Bitter MLLE (eggs), Pear Psylla, two Spotted Spider Mite, Pear Rust Mite, Leaf C-Juniper, Some Juncus, Peach Twig Borer (Elephantalus), Cactus Pouch Scale

APPLICATION NOTES

Do not apply over fruit after wax bloom forms. Application should not be made on all sensitive varieties. Do not apply to trees lacking adequate moisture.

CITRUS TREES

Lemon & Grapefruit, Naval & Valencia, Oranges, other Citrus

Varieties including: Bitter Mite, Spider Mite, Red Scale, Whitefly & Blackfly, Sooty Mold

For best results spray during fall, early winter & spring months when Red Scale are more easily controlled and trees are generally

KILLS Garden Insects

KILLS: Whitefly, Aphids, Spider Mite, Mealybug, Scale, Mites, Thrips, Fungus Gnats and other listed pests.

USE ON: Fruit, Nut, Vegetable, Rose, Herbaceous Annuals, Tropicals, Trees, shrubs, and ground cover.

Ready-To-Use Year-Round® Spray Oil

For Residential Use sites only.

Not for use in Commercial Agricultural sites.
SHADE TREES, SHRUBS, ORNAMENTALS, FLOWERS & FOLIAGE PLANTS, CONIFERS

PEST

APPLICATION NOTES

Soybean, Ash, Beech, Eucalyptus, Ginkgo, Maple, Oak, Poplar, Spruce, Tilia, and other flowering plants, foliage, and ornamental shrubs. Use this product on home plantings where children and wildlife are present.

CAUTION: Do not ingest or inhale. Do not apply to plants in direct sunlight. Do not use on Taxus or Berberis. Use on ornamental plants except for Poison Ivy, Poison Oak, and Poison Oak. Keep out of reach of children. Avoid contact with eyes and damaged skin.

NOTE: Do not apply to plants in direct sunlight. Do not use on Coconut Palms, or Maidenhead Ferns. Chrysanthemum blooms have shown phytotoxic symptoms at higher rates.

SMALL FRUITS

Mites, Spider Mites, Scale, Spider Mites, Whitefly

VEGETABLES

Aphids, Mites, Spider Mites, Scale, Spider Mites, Whitefly

HOBBOY GREENHOUSE

Do not use on Coconut Palms, or Maidenhead Ferns. Chrysanthemum blooms have shown phytotoxic symptoms at higher rates.

FREQUENCY OF APPLICATION: For the greenhouse pests listed, use once a week.

INTERIOR SCAPES & HOUSEHOLDS

PLANTS

Aphids, Leaf Miner, Mealybug, Scale, Spider Mites, Whitefly

PINEAPPLE

Do not apply to plants in direct sunlight. Do not use on Coconut Palms, or Maidenhead Ferns. Chrysanthemum blooms have shown phytotoxic symptoms at higher rates.

Test for phytotoxicity by treating a few specimens before making a large scale application. Protect floor and floor coverings and furnishings from overspray.

CAUTION: Do not exceed 3 consecutive applications without allowing a 2-week interval without application.

SMOKE WELL BEFORE USE

READY-TO-USE YEAR-ROUND SPRAY OIL
