**OTHER INGREDIENTS** ........................................... 52.4%

**TOTAL** ................................................................... 100%

**Minimum Available Chlorine** ......................... 45%

**KEEP OUT OF REACH OF CHILDREN**
MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS

**DANGER**

Continuous or improper use may cause fire, explosion, or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Do not mix this product with a small amount of water. Only add directly to your pool. Corrosive. Caustic. Averases irreversible eye damage or skin burns. Harmful if swallowed, inhaled, or absorbed through the skin. Read all precautionary statements on label and all first aid statements before use.

**FIRST AID:** IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice.

**Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.**

**NOTE TO PHYSICIAN:** Possible mucous damage may complicate the use of gastric lavage.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF EMERGENCY CALL: 1-800-654-6931

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.**

**WHY YOU SHOULD USE THIS PRODUCT:** This is a highly effective, multipurpose product that sanitizes, prevents algae and shock treatment your pool. It is convenient to use and won’t overutilize your pool. For clear pool water, the makers of HTH® recommend the following 4 step pool care program: Step 1: Test and balance water, Step 2: Sanitize, Step 3: Shock at least once a week, and Step 4: Add algaecides as directed.

**Additional shocking to keep water clean and clear is recommended after: rain and heavy winds; high number of swimmers; increased water temperature; and/or increased frequency of pool usage.**

**HOW TO USE:** Do not pre-mix this product before adding it to your pool. Only add this product directly to your pool or skimmer. Use only a clean, dry, sift to measure this product. Do not use the lid for any other purpose.

**Method for dosing directly into pool:** Add the recommended dosage of this product during evening hours while the filter pump is running. When adding this product to your pool, broadcast the product evenly over a wide area to the deepest part of the pool. If any granules settle to the bottom of the pool, use brush to disperse. Method for skimmer addition: Make sure that filter pump is on and properly recirculating through skimmer. Empty skimmer of all chemicals and/or debris. Contamination may cause an explosion or the release of toxic gases. Do not use this product when an automatic cleaning device is in operation (i.e., feeder).

**Follow label directions for each product and allow each product to dissolve and disperse before adding additional products to the pool. Use a reliable test kit that measures all these ranges. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of bodily injury.**

OPENING YOUR POOL: For best results, see the “WATER BALANCE” section above before treatment. Adjust and maintain pH in the 7.2 to 7.6 range. Adjust and maintain pH in the 7.0 to 7.2 range. Allow the pH adjuster to disperse and disperse before adding this product to the pool. 1. Follow “POOL SHOCK TREATMENT” directions on this package. 2. Allow 30 minutes for product to disperse. 3. Test free available chlorine residue with a pool test kit. 4. Repeat dosage, as needed, until the free available chlorine residue is 1–4 ppm. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of bodily injury.

As a preventative treatment, you should shock treat your pool once a week to prevent pool problems. In addition to weekly shock treatment, you should shock treat to remedy problems which occur when bather loads are high, water appears hazy or dul, unpleasant odors or eye irritation occur, or algae does develop with resulting green color and slimy feeling wall. **POOL SHOCK TREATMENT:** Add the recommended dosage of this product while the filter pump is running. Adjust and maintain pH in the 7.2 to 7.6 range with HTH® pH Plus® or HTH® pH Minus. Follow label directions. Allow the pH adjuster to dissolve and disperse before adding this product to the pool. When adding this product to your pool, broadcast this product evenly over a wide area of the deepest part of the pool.

**DOSEAGE RATE:** SHOCK TREATMENT/SUPER CHLORINATION: For best results, see “WATER BALANCE” and “HOW TO USE” section above before treatment. Every 7 days, or as necessary to prevent pool problems, shock your pool. Shock 1–2 lbs. of HTH® Shock 1–2 lbs. of chlorine for every 10,000 gallons of water to yield 5 to 10 ppm available chlorine by weight. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of bodily injury.

WINTERIZING: For best results, see “WATER BALANCE” section above before treatment. While the water is still clear and clean, prepare for long periods of disuse by gradually adding 42 ounces of this product per 10,000 gallons of pool water that is clear and clean. This process 15 ppm free available chlorine. Follow “HOW TO USE” directions on this package. Run the filter pump until granules are completely dissolved. Cover the pool with a pool cover. Prepare the heater, pump and filter components for winterizing by following manufacturer’s directions.

**PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

DANGER. Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed, or absorbed through skin. Do not inhale dust or fumes. Do not get in eyes or on clothing. Wipe up spills or splashes with soap and water. Keep out of reach of children. Can react violently to form heat and toxic gases and spatter. Do not add water to this product. Add only into water.

**PHYSICAL AND CHEMICAL HAZARDS:** DANGER. If product is exposed to small amounts of water, it can react violently to form heat and toxic gases and spatter. Do not add water to this product. Add only into water.

**Do not mix this product with a small amount of water. Only add this product directly to your pool. Do not allow to become wet or damp before use.**

**Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases. Keep all foreign matter, including other water treatment products, away from this product. Use only clean dry utensils to dispense this product. Do not allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in a skimmer. Avoid spilling this product. Exposure to wind may cause this product to fly quickly out of the skimmer, leading to fire, explosion, and the release of toxic gases.**

**ENVIRONMENTAL HAZARD:** This product contains a pesticide to fish and aquatic organisms.

**STORAGE & DISPOSAL:** Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not store near food or feed. Rinse and discard empty container thoroughly with water to dissolve all materials prior to disposal. Offer for recycling if available. Do not contaminate feed or food by storage or disposal of cleaning equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE “EMERGENCY HANDLER.”

**EMERGENCY HANDLING:** In case of contamination or decomposion—Do not re-enter container. Immediately remove container to an open area and well-ventilated outdoor area by itself. Flood with large amounts of water until the material is dissolved. Dispose of container and any remaining material in an approved landfill area.

**HTH® Winterizing Stain & Scale Control**

**PRECAUTIONARY STATEMENTS:**

**CAUTION:** Contains etrochloride/ethane oxide. May be injurious to eyes, skin, and mucous membranes. Avoid contact with eyes, skin and clothing. May cause skin and/or eye irritation when handling this product. Do not swallow. Avoid breathing dust. Wash hands thoroughly after handling. Do not mix with other chemicals.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20
minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh
air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably
mouth-to-mouth if possible. Call a poison control center or doctor. IF SWALLOWED: Call poison
control center or doctor immediately for treatment advice. Have person sip a glass of water if
able to swallow. Do not induce vomiting unless told to do so by the poison control center or
doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING:
take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or
going for treatment.

NOTE TO PHYSICIAN: Probable mucous damage may contaminate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-654-6511. For emergency information on this product
you may also call the National Pesticide Information Center at 1-800-858-7378, 6:30 AM to
4:30 PM Pacific Time (PT), seven days a week.

During other times, call the poison control center: 1-800-222-1222

DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOW YOU SHOULD USE THIS PRODUCT:
This product will prevent the growth of algae for complete pool enjoyment. HTH Winterizing Algae
Control is a key component of the HTH System. It is convenient and easy to use. For best results, use
with other HTH pool care products. For crystal clear pool water follow our HTH System.

How to apply
Add product either directly to pool or through the skimmer while pump is in operation according to the
dosage tables below.

Pool Closing
Add a Pool Closing dose of this product according to the
table below. Follow recommended HTH pool
closing procedure.

PRECAUTIONARY STATEMENTS: HAZARDS TO
HUMANS AND DOMESTIC ANIMALS:
Corrosive. Causes irreversible eye damage. Harmful if
swallowed or inhaled. Do not get in eyes or on clothing.
Avoid contact with skin. Avoid breathing dust or spray
mist. Wear protective goggles. Wash thoroughly with
soap and water after handling and before eating,
drinking, chewing gum, or using tobacco. Remove and
wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS:
Avoid contact with strong oxidizers.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL:
Keep this product dry in its tightly closed container
when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.
Non-combustible container. Do not reuse or refill this container. Rinse empty container thoroughly with
water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food
or feed by storage or disposal or cleaning of equipment.
