FIRST AID
IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.

IF ON SKIN
• Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

IF SWALLOWED
• Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.

MEDICAL EMERGENCY INFORMATION CENTER:
1-800-654-6911

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

KEEP OUT OF REACH OF CHILDREN
DANGER
See back panel for additional precautionary statements.

Net Contents: 1 Quart (946 ml)
DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SWIMMING POOLS
Take a pool water sample to your authorized Pool Breeze® dealer regularly for a detailed water analysis. This product must be added directly into the water with the pump running. Swimmers or bathers must wait 15 minutes before re-entry.

INITIAL DOSE: • Add 5 1/4 fluid ounces Pool Breeze Algicide per 10,000 gallons of pool water. • Initial dose is used when filling pool or upon conversion to Pool Breeze.
• If pool has visible algae growth, treat with initial dose. Vacuum pool after 24 hours to remove algae debris. • If visible algae are still present or reappear, repeat this treatment procedure as necessary. • When pool is free of visible algae, use the recommended maintenance dose.

For persistent algae or slime producing microorganism growth, add 5-7 1/2 ounces of Pool Breeze Algicide per 10,000 gallons of pool water into the skimmer with the filter pump running. After one minute, shut off the pump and allow the system to remain off overnight. The following day, restart the filter pump and add 5-7 1/2 ounces of Pool Breeze Algicide to the pool. Run the filter continuously for 24-48 hours, brushing the sides and bottom of the pool frequently.

MAINTENANCE DOSE: • Add 1 1/4 fluid ounces Pool Breeze Algicide per 10,000 gallons of pool water. • Maintenance dose should be added weekly. • If high temperatures prevail or pool has unusually heavy use, add maintenance dose more frequently.
• Maintenance dose should be added after a heavy or prolonged rainfall. • If make-up water is added at the rate of more than 10% per week of pool capacity, add 1/2 fluid ounce Pool Breeze Algicide for each 1,000 gallons of fresh make-up water added.

Winterization: When swimming season is over, add initial dose prior to closing pool. This dose helps provide a measure of control of algae growth during the winter months. This treatment will also help the servicing of the pool before it is returned to use the following season.

When Pool Breeze Algicide is used as directed, it is effective against Chlorella pyrenoidosa (green algae), Phormidium luridum (black algae), Lyngbya versicolor (blue-green algae), and other swimming pool algae and slime producing microorganisms.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER KEEP OUT OF REACH OF CHILDREN
CORROSIVE: Causes irreversible eye damage and skin burns. Do not get in eyes or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses), protective clothing, and rubber gloves. Harmful if swallowed. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish.

PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near heat or open flame.

STORAGE AND DISPOSAL
Keep this product in its tightly closed container when not in use. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. Store in original container in an area inaccessible to children and persons unfamiliar with this product's use. Keep from freezing.

SPILL OR LEAK PROCEDURES
Small spills may be mopped up, flushed away with water, or absorbed on some absorbent material and incinerated.

FOR INFORMATION ON SPILLS, CALL 1-800-654-6911.
