Exposure to temperatures above 130°F may cause bursting. Do not apply this product in conduits, metal housings, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

FIRST AID
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Poison Information Center at 1-800-929-7777 for emergency medical treatment information.

If Skin or Clothing:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If Inhaled:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

If In Eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in a manner that will contact adults, children, or pets, either directly or through drift. Remove pets, birds, and cover fish aquariums before spraying. Do not allow adults, children, or pets to enter until vapors, mists, and aerosols have dispersed and the treated area has been thoroughly ventilated. Do not place in or around food or water containers. Treat only for severe infestations only as required. Do not apply treated article until spray has dried. Do not use treated article until spray has dried. Do not wash after using treated article, or use treated文章 until spray has dried. Do not apply treated article until spray has dried. Do not wash after using treated article until spray has dried.

STORAGE AND DISPOSAL

Pesticide Storage: Store and transport in an upright position. Store in a cool dry area inaccessible to children or pets. Do not puncture or incinerate. Pesticide Disposal & Container Handling: Empty and Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If partially filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

OUTDOORS:
Do not remain in treated areas or remain outside the treated area until aerosols, vapors, and/or mists have dispersed. Do not apply where application is hazardous. Do not apply万户 in time of rain. Do not apply万户 to the point of run-off. Do not wet plants to point of run-off or drip.

Do not use on edible crops.
Not for use on plants being grown for sale or other commercial use or for commercial use.
For questions, call the National Pesticide Information Center at 1-800-929-7777.

Point spray nozzle away from face. Hold can on slight downward angle. For best results, spray when air is calm and cool. Flow 14 to 15 feet per minute product to take effect. Spray with wind if breeze is blowing.

Flying Insects: Mosquitoes, Flies, Gnats, Small Flying Moths, Hornets and Yellow Jackets. Allow fog to drift over area. Direct spray toward bushes or grass from at least 4 to 6 feet away. Give special attention to breeding areas such as garbage cans and compost piles.

Crawling Insects: Ants, Cockroaches, including Asian Cockroaches, Crickets, Mole Crickets, Centipedes, and Silverfish. Hold can two to three (3) feet from surface to be treated and spray in infested surface of patio or picnic area, hitting as many insects as possible. Spray to slight moisten the surface. Also spray legs of tables and chairs to repel ants. Spray ant trails and hills.

INDOORS:
Mosquitoes, Cluster Flies, Houseflies, Fruit Flies, Gnats, Wasps, Hornets, Bees, Black Flies, Fly Bites, and Small Flying Moths: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Direct spray to all parts of the room, especially windows and other light sources, which attract these insects. Keep nozzle in constant motion. Leave room and keep door closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and discard fall insects.

Cockroaches, Waterbugs, Palmetto Bugs, Silverfish, Firebrats, Crickets, Scorpions, Spiders, Millipedes, Centipedes, Sowbugs and Pillbugs: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible.

For information on pesticide products (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-929-7777.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use in accordance with directions.

SHAKE WELL BEFORE USING
Remove protective cap, hold container upright and spray from a distance of 12 to 15 inches. Remove birds and cover fish aquariums before spraying.

ACTIVE INGREDIENTS
Bromophos
