Contains petroleum distillate.

Contains no CFCs or other ozone depleting substances.

FIRST AID

IF INHALED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the victim unless told to do so by a poison control center or doctor.

IF SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin with soap and water.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 - 20 minutes, or until redness subsides. Call a poison control center or doctor for further treatment advice.

KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if inhaled through body. Causes moderate irritation. Avoid contact with eyes and skin. Protect eyes and skin from accidental exposure. Use only as directed.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

HOW TO USE WHITMIRE MICRO-GEN CRACK & CREEVE INJECTION SYSTEM CRACK & CREEVE TREATMENT: Use with the supplied applicator and injection tubes. Insert into cracks and crevices or voids where insects may be harboring or hibernating. Place injector tip into cracks, crevices, holes and other small openings. Release approximately 1 second of product. For tight interstices, move injector tip along cracks while holding at the rate of a linear feed. For heavy infestations, move injector tip along a linear feed. For closed voids, width 2 - 12" across, on wall or door, open another injection site. Injection for 5 - 10 seconds. Make 1 additional injection site for each 12" of carton.
