are similar to rats and mice, when in reality moles are insectivores (insect eaters). Moles readily consume earthworms, and when available, grubs. In fact, more than 90% of a mole’s average daily dietary requirements are from earthworms and grubs.

Other mole baits have been developed on the premise that moles surface. These deep tunnels systems are often marked by a series of conical mounds (piles of dirt) 4 to 12 inches high formed

MAIN UNDERGROUND TUNNELS AND CONICAL MOUNDS:

Five (5) to 7 days after bait application, check for mole activity using the same procedure

DETERMINING BAITING RESULTS:

small amount of dirt to exclude light. Repeat bait application every 5 to 10 feet of each active subsurface runway.

one worm into the runway, using the rod to push any exposed bait completely into the runway. Carefully reseal the runway with a

subsurface runways. Be careful not to crush runways. Mark opened runways and revisit them 48 to 72 hours later. Runways that

ESTABLISHING INITIAL ACTIVITY:

SUBSURFACE RUNWAYS:

TOMCAT MOLE KILLER has been specially designed to mimic the natural food sources of the mole.

SELECTION OF TREATMENT AREAS:

This product may only be used in lawns and around homes to control eastern moles (Scalopus aquaticus),

This product may only be applied at the use sites and by the application methods indicated on this label.

USE RESTRICTIONS:

1. Store product not in use in locations out of the reach of children and pets.

2. Follow all application directions and USE RESTRICTIONS on this label. Apply bait only in underground runways of moles. Keep

accidents:

IMPORTANT:

Do not expose children to this product or use it for any purpose other than to control moles. To help prevent

OTHER INGREDIENTS:

6. Disperse remaining bait to cover the runway. If not possible, cover with a small rock.

7. Return 48-72 hours later and retreat all active runs.

NOTE: All properties are susceptible to recolonization. However, properties near woods, fields, streams/lakes, etc.

are especially prone to this. These areas will have to be continually monitored and retreated if activity returns.

Harmful if swallowed or absorbed through the skin. Keep away from children, domestic animals and pets. Do not get

in eyes, on skin, or on clothing.

Anyone handling baits must wear gloves. Wash thoroughly with soap and water after handling and before eating, drinking,

or chewing gum, or using tobacco.

In case of contact with eyes, rinse immediately with大量清水洗眼.

If an animal eats bait, call veterinarian or 1-877-854-2494 at once.

Wash with plenty of soap and water.

If an animal shows poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by

tightly binding the animal’s mouth shut. For animals, call a poison control center, doctor, or 1-877-854-2494 immediately for treatment advice.

Please read and follow these instructions carefully. To the extent consistent with applicable law, seller disclaims any liability for any mistake made in using this product other than indicated on the label. Buyer assumes all risk of

use and/or handling of this material when such use and/or handling

is contrary to label instructions.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, SELLER DISCLAIMS ANY LIABILITY FOR ANY MISTAKE MADE IN USING THIS PRODUCT OTHER THAN AS INDICATED ON THE LABEL. BUYER ASSUMES ALL RISK OF USE AND/OR HANDLING OF THIS MATERIAL WHEN SUCH USE AND/OR HANDLING IS CONTRARY TO LABEL INSTRUCTIONS.

TREATMENT FOR PET POISONING

If an animal shows poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by

tightly binding the animal’s mouth shut. For animals, call a poison control center, doctor, or 1-877-854-2494 immediately for treatment advice.

STORAGE AND DISPOSAL

This product is a hazardous material and must be stored and handled as such. Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and

away from other chemicals.

Nonrefillable container. Do not reuse or refill

Place in trash or call your local solid waste agency for

 disposal instructions. Never place unused product down any indoor or

outdoors.
