**Active Ingredients:**

- (1-methylethyl)benzeneacetate ................. 0.02%
- Other Ingredients .................. 99.98%

**EPA Reg. No.:** 498-191-51463

**EPA Est. No.:** 498-IL-1

**Net WT: 3 oz (85 g)**

**PowerHouse Ant & Roach Killer**

**Formula 2**

Kills on Contact and with Residual Killing Power for 2 to 4 weeks

For Residential Use Only

Water-based formula • No-stain formula

**Precautionary Statements**

**Hazards to Humans and Domestic Animals**

**Caution:** Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after use.

**First Aid**

- **If On Skin or Clothing:** Take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- **If In Eyes:** Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- **If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. Do not induce vomiting unless told to do so by a poison control center or a doctor.

**Have the product container or label with you when calling a poison control center or doctor.**

**FIRST AID TO KILL ANTS, COCKROACHES, CRICKETS, CATERPILLARS, CAVES, ORIHAKES, PALM BUGS, SILVERFISH, LOW BAVS AND SPIDERS:** Spray to contact as many insects as possible while thoroughly spraying all areas where the pests are suspected of hiding, such as the floor and boilerboard areas of the pantry, food and pet food storage areas, cracks and crevices in walls, and flooring materials, under sinks, under cabinets, under refrigerators, around garbage containers, cabinets, door and window sills, thresholds, doors and window frames, around floor drains, storage and utility installation areas, wall voids and where plumbing goes through the walls. Spray surfaces to wet. For **ANTS,** also spray ant trails and the places where these pests come into the building.

**STORAGE AND DISPOSAL:** Spray beatles when they are seen. Thermally vacuum and then spray-surface of carpets and rugs in areas such as under sofa, chairs, tables, desks, and other low traffic areas (corners of rooms, closets, shelves) where the pests are seen. Spray the outside of rugs and carpets, where possible, allowing sprayed areas to dry before replacing on the floor.

**STORAGE:** Place product in a cool, dry place, preferably a locked storage area. Keep container closed.

**DISPOSAL:** Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting. Open flame. DO NOT PUNCTURE OR INCINERATE. Exposure to temperatures above 130°F may cause bursting.

**Drainage Protection:** If partly filled:

- Place container in trash or offer for recycling if available.

- If empty:

- Place in trash or offer for recycling if available.

**STORAGE AND DISPOSAL:** Place in trash or offer for recycling if available.
