Weighing 5 pounds or more - Apply one (0.047 fl oz) (1.4 mL) tube of Sergeant’s® Silver Squeeze-On for Cats & Kittens.

Do not allow cats to groom each other until solution has dried. Do not bathe pet within the first 24 hours after squeeze-on has been applied. Households with more than one cat should bathe all cats at the same time with the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-781-4738 for emergency medical treatment information.

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-781-4738 for emergency medical treatment information.

Peel back the tape from the package. Holding tape with the protected area facing up, cut open the package along the notches. When breaking the tube, do not squeeze the tube. Remove product tube from the package. Holding tube with notched end pointing up and away from the face and body, cut off the narrow end at the notches. While holding the tube securely in one hand, use the other hand to apply the solution. Invert the tube and use narrow end to part the animal’s hair while gently squeezing to apply to the animal’s skin. Hold the animal for a few seconds to give the solution time to be absorbed into the animal’s coat. When finished, wrap the tube in paper and put into the trash.

For cats over 5 lbs. and over 12 weeks of age - Apply one (0.047 fl oz) tube of Sergeant’s® Silver Squeeze-On for Cats & Kittens.
