Precautionary statements for children and domestic animals.

Cleaner Disinfectant Spray

Active ingredients:
- dimethyl ethylbenzyl ammonium chlorides 0.105%
- n-Alkyl (60% C14, 30% C16, 5% C12, 5% C18) dimethyl benzyl ammonium chlorides 0.105%

Storage and disposal:
Nonrefillable container. Do not reuse or refill container. Clean container promptly after emptying. Triple rinse as necessary. Offer for recycling or reconditioning, if available. If not available, puncture and dispose in a sanitary landfill.

Disposal of infectious materials:
Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product. When handling items soiled with blood or body fluids use disposable latex gloves, gowns, masks and eye coverings. Keep out of reach of children. Keep out of reach of domestic animals.וצהר

Disinfection, deodorizing and cleaning:
Remove gross filth or heavy soil prior to application of the product. Hold container six to eight inches from surface to be treated. Spray area until it is covered with the solution. Allow product to penetrate and the surface to remain wet for five minutes. This product is not for use on critical or semi-critical medical device surfaces.

Precautionary statements for treatment of blood or body fluids:
When treating blood or body fluids follow Standard Precautions. 

Precautionary statements for cleaning and decontamination:
Surfaces or objects that do not require immediate or extended decontamination should be cleaned with Action-Dtb RTU Cleaner Disinfectant Spray for five minutes. Surfaces or objects that require immediate or extended decontamination should be disinfected with Action-Dtb RTU Cleaner Disinfectant Spray for five minutes. 

One step cleaning and disinfection of toilet bowls and urinals:
5 minutes

Precautionary statements for healthcare facilities:
This product is intended for use in hospitals, nursing homes, shower rooms, locker rooms, public restrooms, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for healthcare environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for public areas:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for surfaces:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for objects:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for environmental surfaces:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for home environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for retail environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for educational environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for athletic environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for public transportation:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for military environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for industrial environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food service environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food handling environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food processing environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food preparation environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food handling environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food processing environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food preparation environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food handling environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food processing environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food preparation environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food handling environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food processing environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food preparation environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food handling environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food processing environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food preparation environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.

Precautionary statements for food handling environments:
This product is intended for use in hospitals, nursing homes, medical offices, schools, transportation terminals, kitchens, dining areas, recreational places, patient rooms, examination rooms, corridors, and public areas.
# Action-D™ RTU Cleaner Disinfectant Spray

**Active Ingredients**
- n-Alkyl (60% C14, 30% C16, 5% C12, 5% C18)........ 0.105%
- n-Alkyl (68% C12, 32% C14)............................. 0.105%

**Storage and Disposal**
Nonrefillable container. Do not reuse or refill container. Clean container promptly after emptying. Triple rinse as needed. Disposal: Offer for recycling or reconditioning, if available. If not available, puncture and dispose in a sanitary landfill.

**Pesticide Storage**
DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

**Precautionary Statements**

**First Aid**
Have the product container or label with you when calling a poison control center or doctor, or when giving first aid.
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 minutes. Remove contact lenses, if worn. Continue rinsing eye. Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow.

**Contaminant in or on the mouth or respiratory tract:**
Inhalation: Remove to fresh air. If not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION**

**Infection Control Practices – Healthcare Personnel**
When handling blood or blood-contaminated material, use PPE appropriate to the exposure risk.

**Kills HIV-1, HBV AND HCV ON PRE-CLEANED ENVIRONMENTAL SURFACES**

**VIRUCIDAL ACTIVITY – This product kills on hard, non-porous inanimate surfaces where allowed to remain wet for 3 minutes.**
- Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella (choleraesuis) enterica
- Feline Calicivirus
- Rhinovirus type 39
- Avian Influenza A strain H9N2
- Avian Influenza A strain H3N2
- SARS associated Coronavirus
- Human Coronavirus
- Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS)
- Hepatitis B Virus (HBV)
- Hepatitis C Virus (HCV)

**Contact Time:**

- **5 Minutes:**
  - Hepatitis A Virus (HAV) (University of Ottawa)
  - Poliovirus Type 1 (ATCC VR-1000)
  - Bovine Viral Diarrhea Virus (BVDV)
  - Human Coronavirus
  - Rhino virus
  - H1N1 (2009)
  - SARS associated Coronavirus
  - Human Coronavirus

- **3 Minutes:**
  - Feline Calicivirus
  - Rhinovirus type 39
  - Avian Influenza A strain H9N2
  - Avian Influenza A strain H3N2
  - SARS associated Coronavirus
  - Human Coronavirus
  - Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS)
  - Hepatitis B Virus (HBV)
  - Hepatitis C Virus (HCV)

- **1 Minute:**
  - Feline Calicivirus
  - Rhinovirus type 39
  - Avian Influenza A strain H9N2
  - Avian Influenza A strain H3N2
  - SARS associated Coronavirus
  - Human Coronavirus
  - Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS)
  - Hepatitis B Virus (HBV)
  - Hepatitis C Virus (HCV)

**FINDS BOX IN THE END OF THIS BOX TO MAKE A COMPLETE RECORD OF INFORMATION.**

**NOTE:** Read and check carefully all information, including the specifications in this box. The job will not be sent to print until final okay is received. All information contained on the label and in this box are the responsibility of the final approver.

**Brand:** Unisource
**Pack Size:** 1 Qt.
**Date Started:** 08/02/11
**Size:** 10” x 4.625”
**Lamination:**
**Printer:**
**Mfg.:** USIP
**Product Code:** 4063261
**UPC Code:** UPC A
**Tracking:** 5661756
**Minimum Type:** 6/6

5/5/11: Kills Pandemic 2009 H1N1 Influenza A virus.

Designer: T. Piper
Coordinator: Jennifer Kortendick

8/2/11: Kills Pandemic 2009 H1N1 Influenza A virus. Does not go inside of HIV box. Please remove and put above box. Do not make statement bold. TP 8/10/11: Remove asterisk. TP
Action-D™tb RTU Cleaner Disinfectant Spray

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Labeling must be in the possession of the user at the time of using the product. See container label for FIRST AID and PRECAUTIONARY STATEMENTS and complete DIRECTIONS FOR USE before applying. Use of this product is subject to the precautions and limitations imposed by the label affixed to the container for this product.

Using approved AOAC test methods under GLPs, in the presence of 5% blood serum and a 3 minute contact time, unless otherwise noted, this product kills the following organisms on hard non-porous inanimate surfaces:

**BACTERICIDAL ACTIVITY:**

<table>
<thead>
<tr>
<th>Organism</th>
<th>Minimum Contact Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pseudomonas aeruginosa, (ATCC 15442)</td>
<td>1 minute</td>
</tr>
<tr>
<td>Staphylococcus aureus, (ATCC 6538)</td>
<td>5 minutes</td>
</tr>
<tr>
<td>Salmonella (choleraesuis) enterica, (ATCC 10708)</td>
<td>2 minutes</td>
</tr>
<tr>
<td>Escherichia coli, (ATCC 11229)</td>
<td>2 minutes</td>
</tr>
<tr>
<td>Escherichia coli, (ATCC 43895)</td>
<td>2 minutes</td>
</tr>
</tbody>
</table>

**ANTIBIOTIC-RESISTANT BACTERICIDAL ACTIVITY:**

<table>
<thead>
<tr>
<th>Organism</th>
<th>Minimum Contact Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Methicillin resistant Staphylococcus aureus (MRSA), (ATCC 33593)</td>
<td>3 minutes</td>
</tr>
<tr>
<td>Vancomycin resistant Enterococcus faecalis (VRE), (ATCC 51757)</td>
<td>3 minutes</td>
</tr>
<tr>
<td>Vancomycin intermediate resistant Staphylococcus aureus (VISA), (CDC Isolate 99287)</td>
<td>3 minutes</td>
</tr>
<tr>
<td>Methicillin resistant Staphylococcus epidermidis (MRSE), (ATCC 51629)</td>
<td>3 minutes</td>

<tr>
<td>Community Associated Methicillin resistant Staphylococcus aureus (CA-MRSA), (NRS 123) Genotype USA400</td>
<td>3 minutes</td>
</tr>
<tr>
<td>Community Associated Methicillin resistant Staphylococcus aureus (CA-MRSA), (NRS 384) Genotype USA300</td>
<td>3 minutes</td>
</tr>
</tbody>
</table>

**TUBERCULOCIDAL ACTIVITY** – This product exhibits disinfectant efficacy against Mycobacterium tuberculosis BCG at 20 degrees Centigrade when the treated surface is allowed to remain wet for 2 minutes.

**FUNGICIDAL ACTIVITY** – This product is fungicidal against the pathogenic fungus, Trichophyton mentagrophytes (ATCC 9533) (Athlete’s Foot Fungus), when used with a 10 minute contact time on clean, non-porous, hard surfaces as found in bathrooms, shower stalls, locker rooms, or other areas commonly contacted by bare feet.

EFFICACY TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE, FUNGICIDE, AND VIRUCIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM). Let air dry. Repeat application at weekly intervals or when mold growth appears.

To disinfect food service establishment food contact surfaces: Before using this product, food products and packaging materials must be removed or carefully protected. For countertops, appliances, tables, hold container six to eight inches from the surface to be treated and spray area until it is covered with the solution. Apply product to penetrate and remain wet for 3 minutes. Do not use on eating utensils, glassware and cookware.

To disinfect animal quarters and kennels: Before using this product, remove all animals and feed from premises. Remove all litter and droppings from floors, walls and surfaces of facilities occupied or traversed by animals. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Apply this product for disinfection of pre-cleaned animal quarters and kennels. Saturate the surfaces with this product for a period of 3 minutes (for Bovine Viral Diarrhea Virus (BVDV) 3 minutes, (for Feline Calicivirus and Rabies virus 5 minutes), (for Canine Parvovirus 10 minutes). Ventilate building and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried. All treated equipment that will contact feed or drinking water must be rinsed with potable water before reuse.

To control mold and mildew on pre-cleaned, hard, non-porous surfaces spray surface to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

MILDEWSTAT – To control mold and mildew on pre-cleaned, hard, non-porous surfaces spray surface to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.
