Hazard to humans and domestic animals. CAUTION: Keep out of reach of children and pets. Use and store in a well-ventilated area. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Washington State only: Do not use on or near salmon-producing waters. This product contains difethialone, an anticoagulant. For humans or dogs that have ingested this product or have obvious poisoning symptoms (bleeding) or lowered prothrombin times, give Vitamin K1 by intramuscular or oral administration. Check prothrombin time every 3 days until values return to normal.

**STORAGE AND DISPOSAL:**

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. Dispose of empty container in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. Unused, spoiled and unconsumed bait as specified on this label.

**PRECAUTIONARY STATEMENTS**

ENVIROMENTAL HAZARDS:

This product contains difethialone, an anticoagulant. For humans or dogs that have ingested this product or have obvious poisoning symptoms (bleeding) or lowered prothrombin times, give Vitamin K1 by intramuscular or oral administration. Check prothrombin time every 3 days until values return to normal.

**NOTE TO PHYSICIAN OR VETERINARIAN**

For a continuous infestation, set up permanent bait stations and replenish bait as needed. Space placements at 15 to 30 foot intervals. Maintain a constant supply of fresh bait for 10 days or until signs of mouse activity cease.

**APPLICATION DIRECTIONS**

1. Read this label and follow all use directions and use precautions.
2. Determine areas where rats or mice will most likely to find and consume bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floors or walls, or in locations where rodents or their signs have been seen.
3. May be used indoors and in transport vehicles (ships, trains, aircraft). May be used outdoors within 15 feet of homes, food processing facilities, industrial, commercial, agricultural and public buildings, and similar manmade structures.
4. This package contains enough bait (5.6 oz.) to kill one to four rats.
5. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. Dispose of empty container in a cool, dry place inaccessible to children and pets.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.
