DIRECTIONS FOR USE

To Control Poultry Lice: Apply to infested areas of the animals, using a stiff brush to get the spray to the base of the feathers. Repeat every 7 to 10 days until lice are controlled.

TO CONTROL STABLE FLY, HORSE FLIES, DEER FLIES, FLYES, HOUSE FLIES, HORSE FLIES, MOSQUITOS, LICE, AND Ticks: Spray about 3 seconds on each side being careful to avoid spraying the eyes or spray directly into ears. When treating flies, keep windows and doors closed. For ear ticks spray directly into ears.

TO CONTROL WORMS, FLIES, AND MAGGOTS INFEETING REEF CATTLE, COWS, AND MAGGOTS INFEETING BEEF CATTLE, HORSES, SHEEP:

Hold animal to be treated in a comfortable position. Apply spray to the area until it is completely wet (3 to 10 seconds are usually sufficient). The area surrounding the wound should also be sprayed. This product is not recommended for use in deep wounds.

WOUND SPRAY AND TO KILL SCREW WORMS, FLIES, AND MAGGOTS INFEETING BEEF CATTLE, HORSES, SHEEP: Spray the area until it is completely wet (3 to 10 seconds are usually sufficient). The area surrounding the wound should also be sprayed. This product is not recommended for use in deep wounds.

Moult or Resistance: Some strains of screw worm may develop resistance to pyrethroids. This will be observed by lack of response to treatment. Where pyrethroid resistance is known or suspected, this product should not be used.

FOR SWINE: Do not use on animals for slaughter within 5 days of last treatment.

TO CONTROL BLOOD SUCKING LICE: Apply to the infested areas of the animals, using a stiff brush to get the spray to the base of the feathers. Repeat every 3 to 5 days until lice are controlled.

TO CONTROL PORCINE LICE: Spray roots, waists and cuffs of the pants thoroughly. This should be followed by spraying over the birds with a fine mist.

FOR CONTROL OF REDBUGS AND MITES IN POULTRY HOUSES: Spray crevices of roost poles, cracks in walls and crevices in nests where the beddings and mites hide.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry secure area in original container.

Disposal: Results from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Non-refillable container. Do not re-use this container.

empty: Place in trash oroffer for recycling if available. II partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
