For the sterilization and disinfection of hard surfaces and non-porous food contact surfaces.

GENERAL DIRECTIONS FOR USE

This pesticide is toxic to birds, fish and aquatic invertebrates. Do not discharge effluent containing this product into brooks, streams, oceans, estuaries, or public waters unless this product is specifically identified and addressed in a NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage plant authority. For guidance, contact your State Water Board or Regional Office of the U.S. Environmental Protection Agency.

Physical and Chemical Hazards: This product contains an oxidizing agent.

**WILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS:** PERSONAL PROTECTION: Specific barrier protection items are used when handling items soaked with blood or body fluids. Appropriate protective equipment may include disposable gloves, masks, gowns, or goggles. **CLEANING/DECONTAMINATION:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of the disinfectant. **DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

Contact time: Leave surfaces wet for 11 hours. It is a violation of federal law to use this product in a manner inconsistent with its labeling. DO NOT USE AFTER EXPIRATION DATE. Do not allow SPOR-KLENZ Concentrate to mix with alkaline substances such as Sodium Hydroxide. If spilled, flush material from the area with water. Use purified water when diluting. **SPOR-KLENZ Concentrate** is a single-use product not intended for reuse.

Fresh sanitizing solution should be prepared daily or more often if the solution becomes diluted or soiled. USES

**FIRST AID**

- **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
- **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 10 minutes.
- **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- **If swallowed:** Call a poison control center or doctor immediately for treatment advice. **Have person sip a glass of water if able to swallow.** Do not induce vomiting unless told to do so by the poison control center or doctor. **Do not give anything by mouth to an unconscious person.**

**NOTICE: DO NOT PRINT**

Steris® Sporicidin® Concentrate Cold Sterilant

**PRODUCT CLAIMS**

Steris® Sporicidin® Bacillus subtilis (ATCC® 6633®): Sporangium 100,000 dilution 10 hours 20°C. **Non-tuberculosis mycobacterium (katholie acidum):** Pseudomonas: Broad Spectrum Disinfectant. Sporicidin Spray disinfectant (100X) dilution 10 min. 20°C. Cleanzer ® Sanitizer (non-food contact surfaces) 10 min. 20°C. Cleanzer Sanitizer (food contact surfaces - Staphylococcus aureus and Escherichia coli) (20X) dilution 1 min. 20°C.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a safe storage area. Do not contaminate water, food or feed by storage or disposal. Use with care, as water may be contaminated by pesticides and other chemicals.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on-site by diluting in a sanitary sewer or at an approved waste disposal facility. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinse water is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pest Control or Environmental Control Agency, or the Hazardous Waste Management Office, or the Representative at the nearest EPA Regional Office for Guidance.

**DIRECTIONS FOR USE AS A CLEANER/SANITIZER (NON-FOOD CONTACT SURFACES)**

- **For use on hard, non-porous surfaces such as plastics, stainless steel objects or glass. Examples include counter tops, walls, floors, bathroom fixtures etc. Using water or mechanical action, remove heavy soil and gross filth from hard surfaces such as Formica, stainless steel or plastic. Dilute 50X with purified water.**
- **For use on hard, non-porous surfaces such as plastics, stainless steel objects or Formica. Examples include counter tops, walls, floors, bathroom fixtures etc. Using water or mechanical action, remove heavy soil and gross filth from hard surfaces such as Formica, stainless steel or plastic. Dilute 50X with purified water.**
- **If on skin, or on clothing. Avoid contact with skin. Prolonged or frequent repeated skin contact may cause an allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Do not contaminate skin and wash hands before reuse.**
- **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
- **If swallowed:** If swallowed, call a poison control center or doctor immediately for treatment advice. **Have person sip a glass of water if able to swallow.** Do not induce vomiting unless told to do so by the poison control center or doctor. **Do not give anything by mouth to an unconscious person.**
