GENERAL INFORMATION

Greencure is a broad spectrum, contact foliar fungicide that controls a variety of diseases on terrestrial and indoor woody and herbaceous ornamental, greenhouse and garden plants and turf. Greencure is applied with sprayer equipment using a sufficient volume of water to insure complete coverage of all stems and foliage.

IMPORTANT: Read the entire label before using Greencure.

NOTICE: Buyer assumes all responsibility for safety if use is not in accordance with label instructions.

IMPORTANT NOTICE: DISCLAIMER AND LIMITATION OF LIABILITY

This product has been researched to provide necessary data to support its use on the ornamental, greenhouse and agricultural plants listed on the label. However, it is understood that tests may not have been carried out on all varieties or cultivars and under all growing conditions on all plants listed on the label. Always follow the label directions. Greencure can be used for products c a and above except where indicated herein for the exclusive remedy of the user or Buyer, and the limit of liability of H & A Agtech, Inc. or any other Seller, for any and all losses, injuries, or damages resulting from the use or handling of this product shall be the purchase price paid by the user or Buyer for the quantity of this product involved. The Buyer and all users are deemed to have accepted the terms of this Notice, which may be varied only by agreement in writing, signed by a duly authorized representative of H & A Agtech, Inc.
