INTRODUCTION

ZODIAC® Spot On Flea Control for Cats

ZODIAC® Spot On Flea Control for Cats is a topically applied long-lasting insect growth regulator specifically formulated for cats and kittens, which prevents flea eggs from maturing into adults. A single application of this product will last for at least 1 month, during which time it kills fleas and prevents flea eggs from developing into adult fleas. This product provides relief from flea infestations for 1 month which prevents flea eggs from maturing into adults. This product contains 4 monthly doses, each 0.034 fl oz (1 cc) and is applied to the cat’s skin at the base of the tail for a single treatment.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not use more than one monthly dose.

Flea Control for Cats & Kittens

FOR CATS & KITTENS

Use only on cats over 2.5 lbs and older than 12 weeks of age. Do not apply to cats or kittens weighing less than 2.5 lbs. Do not apply to kittens or cats less than 12 weeks old. Consult a veterinarian before using this product on pregnant or nursing animals. This product contains (S)-Methoprene (CAS # 65733-16-6), a growth regulator specifically formulated for cats and kittens, around the home (such as home sprays, foggers), or in your yard. As with all flea products, this product is most effective when used as part of a total program aimed at reducing fleas in the cat’s environment. Be sure to treat the cat’s/kitten’s bedding and surrounding areas with ZODIAC® Spot On Flea Control for Cats & Kittens.
