GERMICIDAL CLEANER

For Use in Homes and Other Residential Dwellings, Hospitals, Nursing Homes, Clinics, Medical Facilities, Businesses, Hotels, Motels, Restaurants, Schools, Institutions and Commercial Establishments

Needs No Mixing

Disinfects: Acts on non-porous environmental surfaces such as doorknobs, faucets, light switches, toothbrushes, eating utensils, faucets, counter tops, kitchen counter tops, and toilet seats. The product is NOT for use on medical devices or medical equipment surfaces.

DIRECTIONS FOR USE

To Clean and Deodorize: Remove all gross filth or heavy soil from surfaces to be treated prior to using this product.

Shake Well Before Each Use. Point valve opening toward area to be cleaned, press down firmly and spray evenly. Wipe clean with a dry cloth, turning frequently.

To Disinfect: Spray with a back and forth motion, allowing for a minimum of 10 minutes prior to wiping. Wipe with a non-disposable cloth or towel or paper towel. This product is not for use on medical devices or medical equipment surfaces.

CAUTION:

This product is a broad-spectrum hard surface disinfectant that has been shown to be effective against *Influenza A* viruses* and is expected to inactivate all influenza A viruses including *Pandemic 2009 H1N1* (formally called “swine flu”).

Disinfects HIV-1 (AIDS Virus)*, Influenza A2/Japan Virus* and Herpes Simplex Virus Types 1 and 2 on Hard Inanimate Non-porous Environmental Surfaces

Kills Pandemic 2009 H1N1 Influenza A Virus* (formerly called “swine flu”)

ANTIBACTERIAL

Kills Common Kitchen Germs

Bacterial, Virucidal, Fungicidal

Cleans and Deodorizes

Spray and Wipe Shining Clean

Storage and Disposal

Personal Storage: Store this product in a cool, dry place inaccessible to children and pets and away from direct sunlight, windows, flames and other sources of heat or ignition. Apply by holding can upright 6″ to 8″ from surface to be treated. Spray until surface is completely wet. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

Kills HIV on Pre-Cleaned Environmental Surfaces Previously Soiled with Blood/Body Fluids

Disinfects on Pre-Cleaned Environments Previously Soiled with Blood/Body Fluids

Kills Commm: Common Kitchen Germs

Fungicidal

Fungicidal

VIRUCIDAL

Influenza A2/Japan Virus* and Herpes Simplex Virus Types 1 and 2 on Hard Inanimate Non-porous Environmental Surfaces

Kills Pandemic 2009 H1N1 Influenza A Virus* (formerly called “swine flu”)

Other Ingredients: 99.770%

Total: 100.000%

Keep Out Of Reach Of Children

APPLICATIONS

Sickrooms, for garbage and diaper pails, for any washable hard, non-porous environmental surface that needs disinfecting as you clean.

CORROSION

This product is not for use on medical devices or medical equipment surfaces.

STRUCTURAL

Non-refillable container; do not refill or reuse this container. Do not puncture or incinerate!

PHYSICAL OR CHEMICAL HAZARDS

Toxic when inhaled. 

TRANSPORTATION

This product is for household use and does not require special handling.

First Aid

As per standard first aid procedures. Keep out of reach of children.

CAUTION:

This product is strongly corrosive and may burn skin contact. Use only for household use and do not use on medical devices or medical equipment surfaces.

Application: This product is not for use on medical devices or medical equipment surfaces.

Physical or Chemical Hazards

Storage and Disposal

Disposal: Follow local solid waste agencies for disposal instructions.

Special Instructions for Cleaning and Decontamination Against HIV on Surfaces/Objects Soiled with Blood/Body Fluids:

Kills HIV on Pre-Cleaned Environmental Surfaces Previously Soiled with Blood/Body Fluids

Physical or Chemical Hazards

Disposal: Follow local solid waste agencies for disposal instructions.
