Fungitol™ 920 fungicide

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
Do not apply this product in a way that will contact workers or other persons. Causes skin irritation and moderate eye irritation. Avoid contact with eyes, skin and clothing. Harmful if swallowed, inhaled or absorbed through the skin. Wash thoroughly with soap and water after handling. Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

Mixers and other handlers must wear appropriate clothing such as long-sleeve shirt and long pants, chemical resistant gloves, and shoes and socks. Users should remove protective equipment (PPE) immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly. Follow manufacturer's instructions for cleaning and sanitizing PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to water systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

ACTIVE INGREDIENTS:
3-iodo-2-propynyl butyl carbamate 20.00% OTHER INGREDIENTS: 80.00% TOTAL: 100.00%

EPA Reg. No. 1529-41
EPA Est. No. 74655-GA-001

KEEP OUT OF REACH OF CHILDREN

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR ON CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move the person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL
DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE AND DISPOSAL

PESTICIDE STORAGE - Do not store with strong oxidizing agents or strong (concentrated) acids. Keep container tightly closed when not in use. Do not reuse container.

PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray rinse, or mistate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your local State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING - [For containers less than or equal to 60 lbs.] Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after each use. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the mix tank 1/4 full with water and recirculate. Shake for 10 seconds. Pour rinse into application equipment or a mix tank or store rinse for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

For containers greater than 50 lbs.] Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after each use. Triple rinse as follows: Empty the remaining contents into application equipment or mix tank. Fill the mix tank 1/4 full with water. Reduce to 1 1/2 times pressure closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinse for later use or disposal. Repeat this procedure two more times, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR INDUSTRIAL USE ONLY

The following are suggested use levels for Fungitol® 920 Fungicide:

Fungitol® 920 Fungicide is given in percentage by weight. For use as a preservative in manufacturing dry film paint generally use 0.2-4.0% in wet paint, for aqueous metal working, cutting, cooling and lubricating fluids and concentrates use 0.15-0.5%, for paper coatings use 0.25-3.75%, for plastics and plastic coatings use 0.25-5.0%, for concretes use 0.25-2.5%, for links use 0.25-3%, for pigment dispersions*, slurries, and gypsum slurries for wallboard (drywall) and gypsum board* use 0.02-4%. For household consumer, industrial, institutional, and agricultural products (such as liquid and solid air fresheners, dish detergents, laundry detergents, soap and detergents, non-food contact surface cleaners, floor care products*, bathroom cleaners, window cleaners, fabric care products, automotive care products*, and furniture care products*), use 0.02-0.1%. For wood preservation, use only in above-ground applications only at 1.5-5.0%. Fungitol® 920 Fungicide can be used as a fungicide in non-medical, non-food contact aqueous, solvent and non-solvent based systems such as natural and synthetic adhesives, caulks, patching compounds, cement based products, sealants, grouts, lexanes such as silicate/alkox used in the manufacture of flooring adhesives or carpet backings. Use levels for these applications are 0.125-1.25%. For specific recommendations on specific amounts of product to use please contact ISP. *Not approved for use in California. Not approved for use in California. Not approved for use in California.
