For mite control on agricultural crops, ornamental plants, and in professional landscape settings.

Active Ingredients:
- Ceraminol (2-[trans-3,7-Dimethyl-2,6-octadien-1-ol)] …………………… 0.417% Cerylridol (2,5-Dimethyl-6-ocim-1-ol) …………………… 0.417% Nerolidol (3,7,11-Trimethyl-1-6,10-dodecatrien-3-ol) …………………… 0.417% Farnesol (3,7,11-Trimethyl-2,6,10-dodecatrien-1-ol) …………………… 0.187%
- Other Ingredients …………………… 0.582%

Total:……………………………………… 100.000%

**KEEP OUT OF REACH OF CHILDREN**

**WARNING**
Si usted no entienda la etiqueta, busque a alguien para que le explique a usted en detalle. (Si no la entiende, déjela que alguien se la explique en detalle.)

**FOR MITE CONTROL ON AGRICULTURAL CROPS, ORNAMENTAL PLANTS, AND IN PROFESSIONAL LANDSCAPE SETTINGS.**

**ACTIVE INGREDIENTS:**
- Ceraminol (2-[trans-3,7-Dimethyl-2,6-octadien-1-ol)] …………………… 0.417%
- Cerylridol (2,5-Dimethyl-6-ocim-1-ol) …………………… 0.417%
- Nerolidol (3,7,11-Trimethyl-1-6,10-dodecatrien-3-ol) …………………… 0.417%
- Farnesol (3,7,11-Trimethyl-2,6,10-dodecatrien-1-ol) …………………… 0.187%
- Other Ingredients …………………… 0.582%

Total:……………………………………… 100.000%

**SAFETY PRECAUTIONS:**
- **HAZARD TO HUMANS AND DOMESTIC ANIMALS**
  - **WARNING:** Causes substantial but temporary eye injury. Causes skin irritation. Normal if swallowed. Do not get in eyes, on clothing, or on skin. Wear protective eyewear, long-sleeved shirt and long pants, socks, boots, chemical-resistant gloves and protective apron (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.
- **PERSONAL PROTECTIVE EQUIPMENT (PPE)**
  - Applicators and other handlers who may be exposed to the drift during application or other tasks may minimize exposures by wearing long-sleeved shirt and long pants, socks, shoes, chemical-resistant gloves and protective eyeglasses (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- **ENVIRONMENTAL HAZARDS**
  - For terrestrial use: Do not apply directly to water, or to areas where the surface water is present or to inundated areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwater.
- **DIRECTIONS FOR USE**
  - It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
  - Do not apply the product in a way that will contact workers or others, either directly or through drift. Only protected handlers may be in the area during application.
  - For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

**FIRST AID**

**If in eyes:**
- Hold eye open and rinse slowly and gently with water for 15 to 30 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.
- Call a poison control center or doctor for further treatment advice.

**If swallowed:**
- Call a poison control center or doctor immediately for treatment advice.
- If person is still alive, give 1 or 2 glasses of water to drink.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**If on skin or clothing:**
- Take off contaminated clothing.
- Wash skin immediately with plenty of water for 15 to 20 minutes.
- Call a poison control center or doctor for treatment advice.
- Have product container or label with you when calling a poison control center or doctor or going for treatment.

**For emergency information concerning this product:**
Visit the Natural Pesticide Information Center (NPIC) at: 1-800-858-7087 seven days a week, 6:30 am to 4:40 pm Pacific Time (NPIC Web site: www.npic.orst.edu).

**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS**
- **WARNING:** Causes substantial but temporary eye injury. Causes skin irritation. Normal if swallowed. Do not get in eyes, on clothing, or on skin. Wear protective eyewear, long-sleeved shirt and long pants, socks, boots, chemical-resistant gloves and protective apron (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.
- **PERSONAL PROTECTIVE EQUIPMENT (PPE)**
  - Applicators and other handlers who may be exposed to the drift during application or other tasks may minimize exposures by wearing long-sleeved shirt and long pants, socks, shoes, chemical-resistant gloves and protective eyeglasses (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- **ENVIRONMENTAL HAZARDS**
  - For terrestrial use: Do not apply directly to water, or to areas where the surface water is present or to inundated areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwater.

**APPLICATION USES**

**AGRICULTURAL USE REQUIREMENTS**
- Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, in homes, and gardens, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry intervals. The requirements in this box only apply to use of this product that are covered by the Worker Protection Standard.
- Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 90 minutes or until sprays have dried.
- PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants, soil or water in:
  - **Coveralls**
  - **Chemical-resistant gloves**
  - **Shoes plus neoprene**
  - **Protective eyewear**

**NON-AGRICULTURAL USE REQUIREMENTS**

The requirements in this box only apply to use of this product that are NOT within the scope of the Worker Protection Standard for agricultural pest control (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries or greenhouses.

**GENERAL INFORMATION**

**BROMITE** is a maximum risk biochemical miticide that controls mites, Ecteinascidia spp., Tetraselmis spp., and Panonychus spp., including two-spotted mite, peach mite, wintermite mite, citrus rust mite, bean rust mite and the European red mite. **BROMITE** is a miteicide with a novel mode of action which inhibits the development of resistance. This product is ideal for early control of integrated pest management (IPM). Use **BROMITE** alone or in rotation with other miticides.

**RECOMMENDATIONS FOR USE BEFORE APPLYING THIS PRODUCT**

**MIXING**
- **BROMITE** has been found to be compatible with most commonly used pesticides and fertilizers. Test for compatibility before using this product in a tank mix with other pesticides or with fertilizers. To test for compatibility, mix a small amount of each product, in the proportions indicated in each product’s instructions, in a small jar.
- Do not apply with surfactants.

**BROMITE** has been evaluated for phytotoxicity on a wide range of crops and ornamentals. However, testing on all sensitive crops and ornamentals is not feasible. Test a small portion of the area to be treated for phytotoxicity before applying the entire area. For all possible combinations or sequences of pesticides, prills, including herbicides, surfactants, adjuvants and other pesticides, have not been tested, thus testing for phytotoxicity of spray mixtures is recommended.
- Add **BROMITE** to an empty spray tank following by water to fill the required amount. Agitate the mixture thoroughly and then fill the tank with the remaining water. Thorough mixing is necessary for uniform coverage. For tank mixes, and the other pesticides or fertilizer products to tank mix according to the directions for use on each product’s labels. Typically, the least volatile products will be added first followed by the most volatile components. Agitate mixture thoroughly and use immediately.

**FLEXIBILITY**
- Do not apply this product through any type of irrigation system, without prior application of **BROMITE** alone or one of the miticides listed in the section below, **BROMITE** is effective throughout cool environmental conditions early in the season. **BROMITE** is most effective in low to moderate infestations.

**STORAGE AND DISPOSAL**
- Do not contaminate water, food or feed by storage of the product, dust or disposal.
- **Pesticide Storage:** Store in a cool, dry area until used. Store in original container at temperatures not exceeding 104°F.
- **Pesticide Disposal:** Blends resulting from the use of this product must be disposed of on site or at an approved disposal facility.

**WARRANTY STATEMENT**
This material conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. For information concerning pre-use, pre-application, and post-application conditions and other conditions influencing the use of this product are beyond the control of the manufacturer. It is the user’s responsibility to comply with all federal, state, and local restrictions, orders, and regulations, and to adopt all corrective actions necessary. The use of this product in violation of the restrictions on its labeling may result in a denial of warranty. Producers are responsible for the use of this product in a manner consistent with its labeling. The user bears the responsibility for any damage or loss caused by any conditions that are beyond the control of the manufacturer and for any damage or loss caused by any use of this product not in accordance with the directions on the label. THE MANUFACTURER DISCLAIMS ANY AND ALL LIABILITY, WHETHER UNDER ANY THEORY OF LAW, INCLUDING ANY IMPLIED WARRANTY (EVEN IF APPLICABLE LAW ONLY) OF MERCHANTABILITY, OF FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY IS NULL AND VOID.
