Nature’s Guardian® Natural Flea & Tick Squeeze-On for Cats & Kittens

First Aid - If in Eyes: Rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Sensitivities may occur after using ANY product for cats. If signs of sensitivity occur, bathe your pet with mild soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

How to Apply: Remove product from its package. Holding bottle with notched end pointing up and away from the face and body, cut the narrow end of the nozzle with scissors. While holding the cat on one hand use the other to apply the solution. Invert the tube, and use the thumb to push the fluid out of the tube. Hold the cat for a few seconds to give the solution time to be absorbed into the cat's skin. When finished, empty the tube in paper and put into the trash.

To Domestic Animals: PRECAUTIONARY STATEMENTS  HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Killed and Repels Fleas, Ticks and Mosquitoes with Natural Ingredients

Gentle Formula Fresh Scent

READ ENTIRE LABEL BEFORE EACH USE

DIRECTIONS FOR USE: Read extra label before each use. and use only in accordance with label instructions. Do not use on cats and kittens. Do not use on kittens under the age of 12 weeks. Do not get the product on your cat’s eyes or mouth. Do not bath cat within the first 24 hours after squeeze-on has been applied. Some cats may experience temporary hair loss when any product is applied. Possibilities with more than one pet should be discussed with a veterinarian before using. Use the appropriate formulated product - adult or kitten. Apply as little as possible to adult and as much as necessary to kittens. DO NOT over treat. Over treating is NOT better. Over treating can cause exposure to kittens under 12 weeks of age. Do not split one tube between cats. Do not use multiple tubes on one pet in 24 hours.
