DICHLOR GRANULAR

Quick Dissolving Granular Stabilized Chlorinator

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID: have the product container or label with you when calling a poison control center or doctor, or going for treatment.
If IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.
If INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then, give artificial respiration, preferably mouth-to-mouth if possible. Call poison control center or doctor for treatment advice.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER, CORROSIVE: Causes irreversible eye damage. May be fatal if ingested. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Do not eat, drink, or smoke while using this product. Wash thoroughly after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL HAZARDS: Strong oxidizing agent. Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. Use clean dry equipment. Do not add (this product) to any depopulating device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with animal protein, starch or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition do not repackage. If possible, isolate container in open air or well ventilated area. Food area with large volumes of water.

NOTE: Buyer assumes all responsibility for safety and use in accordance with directions.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. Read entire label and use strictly in accordance with precautionary statements and use directions.

FOR SWIMMING POOL DISINFECTANT: When used as directed, this product is effective as a swimming pool water disinfecting agent.

Ensure all equipment is working properly. Backwash the filter system following manufacturer's directions. Adjust pH to between 7.2 - 7.6. Add stain remover to a minimum level of 50-90 ppm to reduce the depigmenting effects of sunlight upon the chlorine residual. Check for metals. Before using this product, add stain and scale inhibitor to prevent staining of pool surface due to metals. When using other products as a substitute for the directions for this product, always follow directions on those products. Superchlorination: Superchlorination is necessary if the beginning of the fading season, wherever this pool is to remain empty during cold weather or following heavy rain or wildflowers. Superchlorinate the pool with a suitable granular product by following directions below or on another product's label. Keep pump/ filter system running for at least 10 hours after treatment. Frequency of treatment is dependent on ambient temperature, light intensity, and bather load. Do NOT reenter pool until the chlorine residual has dropped to 1.0 - 3.0 ppm.

For superchlorination, broadcast one (1) pound of this product per 10,000 gallons directly into the water in the deep end of the pool. To prevent damage to pool surface, use a pool brush to disperse granules around the pool. NEVER ALLOW UNBROKEN PRODUCT TO REST IN CONTACT WITH BEACHABLE POOL SUPERFACES. In water temperatures less than 70°F, use an alternate application procedure, predisperse this product prior to applying evenly to the deep end of the pool. Dissolve this product outdoors, in a clean plastic bucket storing with a clean, plastic or wooden spoon. Add three (3) cups of this product to enough water to achieve 200 ppm. Never add more than 1 pound of this product to 5 gallons of cool water. NEVER add water to the product. NEVER exceed 1 pound of this product per 10,000 gallons of cool water. Do not mix with other products while predispersing. Maintenance (Biofilm): For biofilm control, broadcast 1-2 ounces of this product per 10,000 gallons directly into the water in the deep end of the pool as an initial treatment. Repeat additions until a residual of 50 to 90 ppm is achieved. Then, reapply this product to remove any excess biofilm. To prevent damage to pool surface, use a pool brush to disperse granules that may have settled to the bottom of the pool. NEVER ALLOW UNBROKEN PRODUCT TO REST IN CONTACT WITH BEACHABLE POOL SUPERFACES. Regular use of the test kit is necessary to determine when it is necessary to add another dose of this product to the pool. The release of two (2) ounces of this product per 10,000 gallons of water. After six (6) months of this product it is recommended that a preventative algae treatment be added on a weekly basis.

REENTRY INTO TREATED SWIMMING POOLS IS PROHIBITED ABOVE LEVELS OF 3 PPM CHLORINE DUE TO RISK OF BODY INJURY.

FOR SWIMMING POOL ALGAE: When used as directed, this product kills algae and will not re-grow on your pool of unsightly algae spots. This product is ideal for use in vinyl lined, fiberglass or colored plaster pool surfaces. Ensure all pool equipment is working properly. Backwash the filter system following manufacturer's directions. Adjust pH to between 7.2 - 7.6. Check for metals and if present add stain and scale inhibitor to prevent staining of pool surface. When using other products as outlined in the directions for this product, follow directions on those products.

Storage: Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding container.

DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
