Kills the Roaches You See, Kills the Ones You Don’t See
Starts Killing Within Hours
Odorless Baits

THIS IS HOW RAID MAX® DOUBLE CONTROL LARGE ROACH BAITS WORK

1. Raid Max® Double Control Large Roach Baits fit snugly in corners and along paths commonly traveled by roaches.
2. Roaches are attracted to the bait to feed.
3. Roaches eat the bait and return to nesting area to die.
4. Bait carried back to the nest continues to kill other roaches.

For best results use all 12 baits at one time as shown. For maximum effectiveness, replace baits before they are completely consumed.

DIRECTIONS FOR HOUSEHOLD USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
For thorough roach control, use all baits at one time. To keep roaches from returning, replace all baits every three months.

1. Break Raid Max® Double Control Large Roach Baits apart from the plastic frame.
2. For thorough roach control, all 12 baits must be used at one time. FOR LARGER KITCHENS or PARTICULARLY HEAVY INFESTATIONS, we strongly recommend using additional baits.
3. For best results, place the baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. You can even place baits in cabinets. Do not contaminate feed or food products or food preparation surfaces, dishes, kitchen utensils and food containers.
4. Baits work best on horizontal surfaces touching corners and walls.
5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within days.
6. Replace ALL baits every three months to keep roaches from returning.
