**STORAGE AND DISPOSAL**

**DO NOT CONTAIN WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.**

**POSTING STORAGE:** Store in a dry place in temperature 0°F to 10°F (18°C to 28°C). CONTAINER CONTENTS: This product is a combination of sodium hypochlorite and active surfactants. USE: To disinfect inanimate, hard, non-porous surfaces found in bathrooms, shower stalls, locker rooms, exercise facilities or other clean, hard non-porous surfaces and surfaces commonly contacted by bare feet. Allow the surface to remain wet for 10 minutes, then remove excess liquid. Diluted product should be applied daily or more frequently with heavy facility use.

**DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal. Decontamination and disinfection is not recommended for infectious waste. See side panel for additional precautionary statements.

**DIRECTIONS FOR USE**

**CLEANING PROCEDURES:** Prepare a 4% solution of the concentrate with a cloth, sponge or hand pump trigger sprayer so as to wet all surfaces thoroughly. Allow the surface to remain wet for 10 minutes, then remove excess liquid and rinse the surface with soap and water. For sprayer applications, spray 6-8 inches from surface, rub with brush, sponge or cloth. Do not breathe spray mist. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

**PERSONAL PROTECTION:** Wear goggles or face shield, rubber gloves, and protective clothing. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and contact with eyes or skin.

**NEED TO KNOW:** This product is formulated to a neutral pH and will not dull high-gloss floor finishes with repeated use. This product when used on environmental, inanimate, hard, non-porous surfaces exhibits effective virucidal activity against HIV-1, HIV-2, Hepatitis B virus (HBV), Hepatitis C virus (HCV).

**PROHIBITED:** Not for use on skin, nails, or mucous membranes. This product is not photostable and exposure to light may result in the formation of more toxic chemicals. This product is not recommended for use on synthetic, non-porous plastics, acrylic, glass or metal. To disinfect inanimate, hard non-porous surfaces add 1 ounce of this product per gallon of water. Apply solution with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer so as to wet all surfaces thoroughly. Allow the surface to remain wet for 10 minutes, then remove excess liquid and rinse with soap and water. For sprayer applications, spray 6-8 inches from surface, rub with brush, sponge or cloth. Do not breathe spray mist. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**KEEP OUT OF REACH OF CHILDREN:** Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. May be fatal if absorbed through skin. Harmful if swallowed. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**IF INHALED:** Remove victim to fresh air. If necessary, give artificial respiration. If not breathing, give mouth-to-mouth resuscitation. If aspirated, have the victim rest in a recovery position with head low. If inhaled, do not give anything by mouth to an unconscious person.

**IF SWALLOWED:** Do not induce vomiting. Call a poison control center or doctor for treatment advice. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and contact with eyes or skin.

**IF IN EYES:** Call a poison control center or doctor for treatment advice. Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**IF INHALED OR SWALLOWED:** In the case of exposure, be sure to wash thoroughly with soap and water. If irritation occurs, wash with water and soap. For persons with respiratory distress, administer supplemental oxygen and immediately call a doctor or poison control center. If the individual is not breathing, start rescue breathing and proceed with CPR. Provide the person with the names of the active ingredients in this product so that proper treatment advice can be given. In the event of a significant health or safety emergency, call 1-888-790-7906. See side panel for additional precautionary statements.

**EFECTIVE TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE AND VIRUCIDE AGAINST THE LISTED ORGANISMS IN WATER UP TO 400 PPM也會DISPERSIVE IN THE PRESENCE OF ORGANIC SUF ALKALINE, AMMONIA, AND ALCOHOL. APPLY ON CLOTH, SPOONGE, OR HAND PUMP Trigger SPRAYER OR LOW PRESSURE COARSE SPRAYER. THIS PROCT EBD NOT EFFECTIVE IN REFERENCE TO STAINS, BACTERIAL AND VIRAL INFECTIONS OF THE HOST INDEPENDENT OF THE CONCENTRATION OR pH OF THE SOLUTION.**
