and Disposal Instructions.

Guaranteed Analysis

12.0-4
Total Nitrogen (N)                                           12.00%
1.30% Ammoniacal Nitrogen
0.70% Other Water Soluble Nitrogen
10.00% Water Insoluble Nitrogen*
Available Phosphate (P₂O₅)                               9.00%
Soluble Potash (K₂O)                                     4.00%
Magnesium (Mg)                                          0.50%
0.50% Water Soluble Magnesium (Mg)
Sulfur (S)                                                3.40%
3.40% Combined Sulfur (S)
Molybdenum (Mo)                                           0.004%

Derived from: Isobutylidene Diurea, Ammonium Phosphate, Ammonium Sulfate, 
Sulfate of Potash, Magnesium Sulfate and Ammonium Molybdate

CAUTION! Forage crops high in molybdenum (Mo) are toxic to ruminant animals. 
This fertilizer contains molybdenum (Mo) and should not be applied on crops that 
can be consumed by grazing animals (ruminants).

*WIN (Water Insoluble Nitrogen) is stated on an unground basis. Powdered or ground 
samples will analyze at 3.00%.

Information regarding the contents and levels of metals in this product are available 
on the Internet at http://www.regulatory-info-ba.com
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Do not formulate this product into other end-use products.

Groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, or where the soil is leached to a deep aquifer, may result in groundwater contamination. Do not formulate this product into other end-use products.

ENVIRONMENTAL HAZARDS

This product is highly toxic to aquatic invertebrates. Do not apply directly to water, or to areas where water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to aquatic organisms. Do not discharge directly into aquatic bodies.

Pesticide Disposal:

Do not contaminate water, food, or feed by storage or disposal.

Do not contaminate water, food, or feed by storage or disposal. Nonrefillable container. Do not reuse or refill this container. Offer for recycling or, if not acceptable, dispose of in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

STORAGE AND DISPOSAL

Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, foods, and feed. Store in original container and out of reach of children, preferably in a locked storage area. Handle and open container in a manner as to prevent spillage. If the container is leaking, invert to collect all leakage. Refer to Precautionary Statement 17 for specific statements on this label for hazards associated with the handling of this material. Do not walk through spilled material. Absorb spilled material with an approved type compound and dispose of as directed for pesticides. Avoid spilling or leak accidents, keep unauthorized people away. You may contact the Bayer Environmental Science Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Bayer Environmental Science Emergency Response Telephone No. is 1-800-334-7577 or contact Chemtrec at 1-800-424-9300.

STORAGE AND DISPOSAL

Restriction: Do not apply this product, by any application method, to kindred, basewood, or other Taxa species.

RECOMMENDED APPLICATIONS

CROP

Pest

Date

Application

Polar and cottonwood plantations

Cottonwood leaf beetle

Aphids

1 tablet per tree

Place tablet directly into the planting hole of seedlings, cuttings, or containerized stock at the time of establishment, or next to each plant (ca. within 3" of the seedling) at the time of establishment or as soon as possible after planting.

Caterpillar plantations

Unwanted pine tip moth

Aphids

1-2 tablets per tree

Place either one or two tablets directly into the planting hole of either bare-root seedlings or containerized stock at the time of establishment, or the same number of tablets need to be placed in the bare-root seedlings or containerized stock at the time of establishment (ca. within 3" of the seedling) as soon as possible after planting.

IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If forms are not acceptable, return the unused product container at once. By using this product, user or buyer accepts the foregone Conditions, Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury or other or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bayer CropScience LP. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: TO THE EXTENT CONSENT TO APPLICABLE LAW. BAYER CROPSCIENCE LP DISCLAIMS ANY LIABILITY WHATSOEVER FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL DAMAGES, RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

LIMITATIONS OF LIABILITY: TO THE EXTENT CONSENT TO APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LIABILITIES ARISING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, RESIDENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT BAYER CROPSCIENCE LP'S ELECTION, THE REPLACEMENT OF PRODUCT.
