KILLS HIV, HBV AND HCV ON PRE-CLEANED HARD, NON-POROUS SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS

Rinsing of floors is not necessary unless they are to be waxed or polished. Prepare a fresh solution daily or when visibly dirty.

1. Pre-clean heavily soiled areas. Prepare a use solution of 2 oz. of this product per gal. of water (700 ppm). Apply solution to hard, non-food contact, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, mechanical spray device, hand pump trigger spray device, coarse trigger spray device. For spray applications, spray about 6-8 inches from the surface.

2. Apply use solution to hard, non-food contact, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, mechanical spray device, hand pump trigger spray device, coarse trigger spray device. For spray applications, spray about 6-8 inches from the surface.

3. Allow for 10 minutes and rinse. Rinsing is not necessary unless they are to be waxed or polished. Prepare a fresh solution daily or when visibly dirty.

4. Apply a use solution to exposed surfaces, including under the rim with a toilet brush/mop, cloth, or sponge. Brush or swab thoroughly, then allow solution to stand for 10 minutes and flush.

5. Prepare a fresh solution daily or when visibly dirty.

NOTE TO PHYSICIAN:

In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a doctor or poison control center. IF ON SKIN:

Use large quantities of water to wash contaminated skin. Use soap or detergent to remove material when possible. IF IN EYES:

Remove contact lenses, if worn. Rinse eyes thoroughly with water, holding the eyelids open. Do not apply any pressure to eyes. Do not rub. IF INHALED:

Remove victim to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

DISPOSAL INFORMATION:

Make sure all equipment is thoroughly cleaned. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and gloves. In case of emergency, call a poison control center or doctor for treatment advice.

Toxicity:

This product is toxic to fish and aquatic invertebrates.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

This product is a mildewstat. It is effective as a mold/algacide at 2 oz. per gallon of water (700 ppm active) for up to 7 days. This product is effective against the following species of mold: Aspergillus niger, Aspergillus flavus, Aspergillus fumigatus, Aspergillus terreus, Cladosporium herbarum, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladosporium cladosporioides, Cladospo..
DANGER PELIGRO

FIRST AID

In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Have someone call a Poison Control Center or doctor immediately. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, or give artificial respiration, preferably mouth-to-mouth, if possible.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PESTICIDE DISPOSAL:

Do not contaminate water, food, or feed by storage and disposal.

STORAGE AND DISPOSAL:

This product is toxic to fish and aquatic invertebrates.

ENVIRONMENTAL HAZARDS:

This is a water-soluble product, which means it will readily mix with water. These products can enter the environment through storm water runoff. Storm water runoff can carry the product into local waterways. Storm water runoff can also carry the product into groundwater. These products are not intended for use in bodies of water. If this product is inadvertently released into the environment, please contact your local EPA Regional Office for guidance.

KEEP OUT OF REACH OF CHILDREN

INFORMATION ON INGREDIENTS AND PERFORMANCE:

The product is a one-step disinfectant that is effective against a broad range of bacteria, viruses, fungi, and other microorganisms. This product is toxic to fish and aquatic invertebrates. These products can enter the environment through storm water runoff. Storm water runoff can carry the product into local waterways. Storm water runoff can also carry the product into groundwater. These products are not intended for use in bodies of water. If this product is inadvertently released into the environment, please contact your local EPA Regional Office for guidance.
