- Kills roaches, ants, fleas, spiders, mosquitoes, silverfish, crickets, ticks, panhandle bugs, waterbugs, earwigs, firebrats, pillbugs, black carpet beetles, brown dog ticks, rice weevils and sawtooth grasshoppers.
- For use in apartments, homes, attics, basements, garages, pet sleeping areas and cabins.
- When used as directed, this product will not harm drapes, upholstery fabrics, carpeting, bedspreads, clothing, linens, furniture, walls, floor tiles, ceilings, shades or blinds.
- One can treats 6,000 cu ft (a room up to the size of 25 ft x 30 ft with an 8 ft ceiling) of unobstructed area.

**DIRECTIONS FOR USE**

**STOP Read entire label before use.**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. All food-preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Do not use in commercial food-handling establishments, restaurants or other areas where food is commercially prepared, processed, served or stored.

**TO USE THIS PRODUCT CORRECTLY**

1. **DO** use more than one fogger per room. **DO NOT** use in small enclosed spaces such as closets, cabinets, or under counters or tables. Do not use in a room, 10 ft x 15 ft, or smaller. Instead, alternate foggers to enter from other room.
2. **DO NOT** use in small enclosed spaces such as pilot lights, shut off gas valves, blowers, open flames, or running electrical appliances that could be damaged by fogging (e.g., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

**BEFORE YOU FOG**

Cover or remove exposed food, dishes and food-preparation equipment. Open cabinets and doors. Shut off fans and air conditioners and turn all ignition sources as directed above. Remove pets, including birds. Cover and turn off fish tanks. Close outside doors and windows.

**TO START FOGGING**

1. Place several layers of newspaper or paper towels on a table, stand or floor in center of room. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger. Newspapers may be used.
2. **SHAKE WELL BEFORE USING.** Tilting can top away from face. Press valve all the way down, hooking the catch.
3. Set can on newspaper or paper towels and leave the premises immediately. Do not re-enter treated area for two hours.

**AIRING OUT**

After two hours, open all doors and windows, turn on air conditioner and fans and air out for 30 minutes. Reapply every two to four weeks if needed.

**NOTICE:** When treating for fleas or ticks, clean and treat pet sleeping areas. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to enter the treated area.

**STORAGE AND DISPOSAL**

Storage: Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate! Disposal: If empty, place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION.** Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash before reuse.

**First Aid**

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for treatment advice.

If Swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

**Healthline Number:** Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. You may also contact 1-800-917-5426 for emergency medical information.

**Note to Physician:** Contains petroleum distillates — vomiting may cause aspiration pneumonia.

**Physical or Chemical Hazards**

This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this box very carefully. Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.
