ALLEGIANCE® Dry Seed Protectant Fungicide is a systemic fungicide seed dressing specifically for control of systemic downy mildews and seedlings diseases caused by soilborne *Pythium* and *Phytophthora* spp. For control of other soilborne diseases, such as *Rhizoctonia* spp., ALLEGIANCE Dry should be applied in combination with other registered seed dressing fungicides. Note: ALLEGIANCE Dry is a systemic fungicide having a specific mode of action. ALLEGIANCE Dry could be subject to development of resistant strains of fungi. Development of resistance cannot be predicted. Therefore, Chemtura Corporation cannot assume liability for crop damage resulting from resistant strains of fungi. Consult with your State Agricultural Experiment Station or Extension Service Specialist for guidance and ways to control any possible ALLEGIANCE Dry resistant strains of fungi which may occur.

**APPLICATION**

ALLEGIANCE Dry Seed Protectant Fungicide is a dry powder formulated specifically for seed treatment application. Unique formulation technology has been incorporated to help lubricate the planter; thus allowing a smooth, even flow of seed to the furrow, while providing uniform seed coverage and adherence to the seed. ALLEGIANCE Dry Seed Protectant Fungicide should be applied by thoroughly mixing with seed in the planter box with the Mighty Mixer or utilizing the Gustafson CF-80® treater or other dry seed treatment application equipment to maximize seed coverage. (*Calibrate the Gustafson CF-80 treater as per the manufacturer's instruction).
## GENERAL USE PRECAUTIONS

FAILURE TO FOLLOW THE DIRECTIONS FOR USE PRECAUTIONS ON THIS LABEL MAY RESULT IN CROP INJURY OR POOR DISEASE CONTROL.

### USE PRECAUTIONS

1. For planters with electric eye monitors, periodically clean them with brushes provided by the planter manufacturer, according to their directions.
2. Treated seed must not be used or mixed with food or animal feed, or processed for oil.
3. **TREAT ONLY THOSE SEEDS NEEDED FOR IMMEDIATE USE, MINIMIZING THE INTERVAL BETWEEN TREATMENT AND PLANTING.**
4. Do not carry over excess treated seeds to next season.
5. Do not use this product on seed which has been commercially treated with metalaxyl (ALLEGIANCE) fungicide.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

**STORAGE:** Store in a cool, dry location. Do not store in direct hot sunlight.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not refill or reuse this container. Offer for recycling, if available. Completely empty container into application equipment. Then dispose of empty container into a sanitary landfill, or by incineration, or if allowed by state and local authorities by burning. If burned, stay out of smoke.

CONDITIONS OF SALE AND LIMITED WARRANTY STATEMENT

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot to a selected chemical treatment. Due to seed quality conditions beyond the control of Chemtura Corporation, no claims are made to guarantee germination of carry-over seed.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Chemtura Corporation.
