DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Dispensing, Cleaning, and Disinfecting: On hard non-porous surfaces such as bathroom tiles, bathtubs, shower-cubicle walls, sinks and countertops, proceed as indicated below:

1. Preclean all surfaces prior to disinfecting.
2. Field container 2 to 8 feet from surface to be treated.
3. Spray and wait until it is covered with the solution. Allow the product to penetrate and remain for 10 minutes. For scrubbing requirements, spray onto the object or area being cleaned, then scrub with a stiff brush or sponge and rinse with water. The treated area must be thoroughly rinsed with water. Returned to use equipment containing a liquid clorox solution may be used to store cleaning equipment.

This product is formulated to kill enveloped and non-enveloped viruses (e.g., polio virus, hepatitis A virus, human coronavirus), and other microorganisms. This product also contains active ingredients that can be used to disinfect high-touch surfaces.

SUN-IN 20% BLEACH CLEANER
For use on hard non-porous surfaces such as bathroom tiles, bathtubs, shower-cubicle walls, sinks and countertops.

PRECAUTIONARY STATEMENTS
Risks to Humans and Domestic Animals
WARNING: Keep out of reach of children. Consult eye and skin irritation. Do not get in eyes, skin or clothing. Harmful if swallowed.

FIRST AID
IF IN EYES: Hold side open and rinse slowly with running water for 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance. For more information, please visit the National Institute for Occupational Safety and Health (NIOSH) website at www.cdc.gov/niosh.

NOTE TO PHYSICIAN
Potentially hazardous material may contain ingredients that are toxic if swallowed, inhaled, or absorbed through the skin.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store containers tightly sealed where not in use. Store container under and in a dry area. Keep from freezing. Use original container only. CONTAINER DISPOSAL: Nonhazardous container. Do not reuse or refill this container. Offer for recycling, if available, or discard in trash.

PESTICIDE DISPOSAL: Pesticides are hazardous. Improper disposal of excess pesticide, spray equipment, or rinse water is a violation of Federal Law. If these wastes cannot be disposed of by you according to label instructions, contact your State Pesticide or Environmental Control Agency, or the National Pesticide Information Clearinghouse for additional assistance.
