KILLS RATS AND MICE

Second Generation Anticoagulant
For Use In and Around Agricultural Buildings
Kills Warfarin-Resistant Norway Rats and House Mice.

Norway rats and house mice may consume a lethal dose in one night’s feeding, with first dead rodents appearing four or five days after feeding begins.

Distribution to and sales in “consumer” stores including grocery stores, drug stores, hardware stores, club stores is prohibited.

INDIVIDUAL SALE PROHIBITED BY LAW

CAUTION

This product is extremely toxic to mammals and birds. Dogs, cats, and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. This pesticide is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff also may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions.

CAUTION

Harmful if swallowed or absorbed through the skin. Keep away from children, domestic animals, and pets. Do not get in eyes, on skin, or on clothing.

ENVIRONMENTAL HAZARDS

Do not induce vomiting unless told to do so by the poison control center or doctor. Follow Up: Remove contaminated or unused bait immediately. Collect and dispose of all dead rodents and left over bait properly. To prevent re-infestation, limit source of rodent food, water, and harborage as much as possible. If re-infestation does occur, repeat treatment. Where a continuous source of rodent is present, maintain permanent bait stations and replace with chunx or toxic bait as needed.

APPLICATION DIRECTIONS

Norway and Roof Rats: Apply 2–8 bait packs (usually at intervals of 15–30 ft.) per placement. Maintain an uninterrupted supply of fresh bait for 10 days or until signs of rat activity cease. Two bait packs contain enough bait (100 g in-bait 1–2 rats).

House Mice: Apply 1 bait pack per placement. Space placements at intervals of 8–12 ft. Two bait packs may be needed at points of very high mouse activity. Maintain an uninterrupted supply of fresh bait for 15 days or until signs of mouse activity cease. Follow Up: Remove contaminated of unused bait immediately. Collect and dispose of all dead rodents and left over bait properly. To prevent re-infestation, limit source of rodent food, water, and harborage as much as possible. If re-infestation does occur, repeat treatment. Where a continuous source of rodent is present, maintain permanent bait stations and replace with chunx or toxic bait as needed.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

Pesticide Disposal: Dispose of wastes resulting from the use of this product at an approved waste disposal facility or call your local solid waste agency for alternative disposal instructions. Never place unused product down any indoor or outdoor drain.

Container Handling (container, bait pack): Non-refillable container. Do not reuse or refill this container. When completely empty, offer for recycling if available, or dispose of empty container in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.

ACTIVE INGREDIENTS:
Brodifacoum
3-[[3-4’-bromo-[1,1’-biphenyl]-4-yl]-4-yl]-1,2,3,4-
tetrahydro-1-naphthalenyl]-4-hydroxy-2H-1-
benzopyran-2-one ........................................... 0.005%
OTHER INGREDIENTS: ............................................. 99.995%
TOTAL: ........................................................................ 100.000%
EPA Reg. No. 100-1056-61282 EPA Est. No. 61282-WI-01

TOTAL:
OTHER INGREDIENTS:
• benzo-2,3-anthraquinone
• 2-phenylbenzofuran
• 4-tert-butylphenyl
• 2,4,6-trimethylphenyl

HOT LINE NUMBER
For 24-Hour Medical Emergency Assistance (Human or Animal) Call 1-800-498-5743
Or Chemical Emergency Assistance (Spill, Leak, Fire or Accident) Call 1-800-424-9300
NOTE TO PHYSICIAN: If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K$_1$ intramuscularly or orally. Vitamin K$_1$ is antidotal at doses of 10-20 mg [meq mg/kg]. Repeat as necessary based on monitoring of prothrombin times.

TREATMENT FOR PET POISONING:
If animal eats bait, call veterinarian or HOT LINE NUMBER at once.
NOTE TO VETERINARIAN: Anticoagulant Brodifacoum: For animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times), give Vitamin K$_1$ at doses of 2-5 mg/kg, if needed, check prothrombin times every 3 days until values return to normal (up to 30 days). In severe cases, blood transfusions may be needed.

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Hacco, Inc. or Seller. To the extent permitted by applicable law, Buyer and User agree to hold Hacco and Seller harmless for any claims relating to such factors.

Hacco warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. To the extent permitted by applicable law, (1) this warranty does not extend to the use of this product contrary to label instructions or under conditions not reasonably foreseeable to or beyond the control of Seller or Hacco, and (2) Buyer and User assume the risk of any such use.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, HACCO MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS WARRANTED BY THIS LABEL.

To the extent permitted by applicable law, in no event shall Hacco be liable for any incidental, consequential or special damages resulting from the use or handling of this product. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF HACCO AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF HACCO OR SELLER, THE REPLACEMENT OF THE PRODUCT.

Hacco and Seller offer this product, and Buyer and User accept it, subject to the foregoing conditions of sale and limitations of warranty and of liability, which may not be modified except by written agreement signed by a duly authorized representative of Hacco.
